Marcus calibre 21:34 6/4/2002	I don't know if the team is too big. The clans in the UK are a lot more competitive now, hence play a lot more than they used to in season 1. Perhaps this means that the players are unavailable less, so in order for the UK team to have any practices at all they've got to have quite a big squad. Maybe anyway =] [Comment: Report IP: Logged]
Myers Saviour of UKT UKTerrorist 22:26 6/4/2002	infinity esports are the best and most experienced clan in the country, so go figure :) neffgen ur the one that advised us 2 pick a large squad :). However due to availability issues, we had to pick it anyway [Comment: Report IP: Logged]
orange 22:36 6/4/2002	Why are there four "Infinity-eSports" members in the team (five if you include tea boy). Wasn't there a two players per clan limit? It would be hard to pick a less trust worthy team, at least five of those players would cheat if they thought they had to, many long suspected and/or caught. "I goto lan, I can't hax on net!" [Comment: Report IP: Logged]
:O 22:54 6/4/2002	You really still think theyre the best in the country? They scraped a win against a merc clan that consisted of 2 very good players, 1 good one, and 2 "decent" ones. And ui walked all over them at Primary Strike, so what justifies them as the best? [Comment: Report IP: Logged]

They are by far among the most experienced and skilled player in the game atm. [Comment: Report IP: Logged]

	DArtagnan Infinity-eSports 12:07 7/4/2002	I dont think any1 should comment on Infinity's lan performances till they have achieved what Infinity/4K has done. In recent times they are the most successful lan team with noc in the UK. I'd like to see any other team in the UK go to the CPL WC in Dallas and come top 10? Lots of teams lineups have changed recently, so how about every1 shuts up till the next lan? Think our i10	

win was meaningless? Then how about all these teams that think we didnt deserve it show up to the event themselves and prove it instead of talking s***. GI.

As for the UK team i think it's a good reflection of the top players in the UK, maybe has 1 or 2 strange choices, but in the end they're unlikely to be considered for the 1st 5 that play the majority of the matches. We had a great practice last night where we absolutely crushed DKH on a german server which was cool. I woulda liked to have seen blaze in, but he himself admitted the other day after a gather than he wasnt in good form and isnt playing very much anymore.

Elem_ 14:59 7/4/2002	The final score was 22-2 to us on nuke I think. What strikes me about that is that it shows how much a team of individuals with little tactics/teamplay together can achieve against a seasoned clan. It shows that tactics and teamplay are nothing without fragging power. Elem [Comment: Report IP: Logged]
Raider 15:49 7/4/2002	lo? [Comment: Report IP: Logged]
DArtagnan Infinity-eSports 16:10 7/4/2002	I wouldnt claim that team had no team play or tactics. We had tactics, the whole point is : good players can quickly adapt to enw players and play as a team, you dont need to play for months before developing good team play, you just need to be clever players. Despite that, 3 of the team play with each other daily, so team work was present :P [Comment: Report IP: Logged]

FuSe 18:11 7/4/2002	I watched the i10 final from behind ghosties, and I would say to anyone who doubts Khaos' skill, "watch that game or ask the infinity members who played in it". He was easily Ghosties best player in that game, and fair enough Toomy is a better player, but Khaos is in great form. Also why penalise i-eS players, if the 5 best in the UK were in one clan, why not pick them, isn't the team meant to be picked on skill? GL guys [Comment: Report IP: Logged]
Marcus calibre 20:13 7/4/2002	FuSe, because you can't play all 5 in a match? [Comment: Report IP: Logged]
shads theb0g 20:50 7/4/2002	dont agree with 3 of the choices but then i think there were better people for uk manager as well, but kaos is definately on the best form ive

seen him on past 2 weeks, so just gl to the team

22:04 7/4/2002

I agree with most of the team, however i feel that the captains do not select from a broad enuff range of players. They take like the top 5 or so clans into consideration and none of the others. I have played against every single one of the people in that team and there are better players form less well known clans imo. I watched a demo from UKLA vs eCore the other day and i dont think Elem should be in eitehr imo m0rph carries UKLA.

22:29 7/4/2002

Elem i dont get your point? DkH are hardly unskilled, and if you are to constantly rely on fragging power to get you thru the Nations cup then good luck. 🤔;)

Pretty silly to make a comment like that when were talkin about a National team - ofcourse the skill has gotta be there before you start on the tactics etc?

I was merely commenting that in cs games, those people who believe tactics and teamplay are the be all and end all are exagerating their importance.

Was a general comment in the age old discussion of tactics v individual skills.

infinity esports are the best and most experienced clan in the country, so go figure 🤔;)

Ill go Figure Myers.....

You chose such a biased team i could have s*** a better team tbqh....

It may contain good players, but the fact you chose all 4 i-eS English players, with Fraggie next to you in your 'manager' seat, well people are going to think 'hmm, and this isnt rigged?'

I believe Neffgen said himself at i10 that the team was 'Rigged' the second you and chriso took up the job, and that Rigs should have gotten the job, as he knows what CS is about, as he plays, and not just watches from a 3rd person perspective and goes on reputation.

Elem for example: He kicked El3h from UKLA because, Eleh also favours the AWP, and proved he is a fantastic shot by missing 1 bullet out of possibly 20 in the i10 Final, against i-eS.

So Elem got rid of him from UKLA...But you chose Elem because of his rep. and not his skill, Raider is by far the best sniper (if there is such a thing in online-CS) in the UK, and should have gotten a place in the team over anyone.

Tbh, the only player i would have taken out of i-eS is Liquid, because hes the most consistent player in CS, and is a fantastic team player.

But a team so biased cant be expected to do well, and i reckon they will be slammed out in the group stages just as they were last year.

Neffgen chose a perfectly fair team last year, but this year is a totally different story.

So sad that Clanbase havent got a clue about CS, otherwise we may have gotten a fair team!

p.s) This is not a b***h at anyone, its merely a statement about the team selection.

[Comment: Report | IP: Logged]

Elem_
00:34 8/4/2002

Benji (posing as ukfan) - Don't forget that when i was in the ecore game I had been playing cs for 2 weeks...

Rhyzz - That is indeed a b***h about people. Not only about the players but Myers/chris0 too. You certainly couldnt do a better job.

In recent pcw's, the non-liquid members of 4k played extremely well (as usual). Suggesting that the other 3 arent good enough is ludicrous.

Re: el3h - You seem to think that beacsue he was kicked that must *obvuiosly* be because he uses awp or somethihng like that (lol?). UKLA had too many members (like 12+) and we needed a smaller team. He was difficult to work with, and no I didnt rate him with awp (I admit I didnt see as much as others have), but you gotta play with people you can work with, and so he had to go. This is a misconception that needed to be cleared up.

And if you think i suck with awp i'll do some in-eyes demos of it in upcoming matches, and upload them somewhere. Stationary crosshair shots are newbie material, and those are mostly what you see in demos these days.

Whilst im on this rant (why stop heh ?) a good way to really see awp ability is to take an awp ct on prod at spawn (literally) and get Ts to attack through the alley (and at the T-junction).

This is a good test because it sorts the men from the boys as regards awping, because there is no place where you can rest the crosshair and have it covered. (If you rest it next to the crate, you cover awpers but not akers jumping past/running past). If you leave a gap you get the jumpers/runners but die to the awp. So the only option is to either gamble, or move the crosshair under pressure. And people who cant do that consistantly in my eyes suck with awp.

But I think you're just judging on kills/death ratio 🤔:)

National UK CS Team Announced

Posted by Myers at 13:09 6/4/2002.

I know it's a bit late but here is the official UK team for the cbnations competition:

- **Myers & Chris0** - Managers
- Infinity-eSports | Mangiacapra
- Infinity-eSports | Wright
- Infinity-eSports | Lucking
- Infinity-eSports | Edwards
- Nocturne | Messiah
- Nocturne | Toomy
- Uninspired | lil
- Uninspired | Annum
- UKLA | Elem
- Innominis | Purple
- CS-Marine | b0b
- LR? | KhAoS

The team was chosen not only from our personal knowledge but also from asking many of the top clans for their choices and compiling the list. However no doubt you have you're own thoughts so let the flames begin...

shads theb0g 00:50 8/4/2002	DK woulda had it, but then again he didn't have jonni's backing, single fatal flaw. [Comment: Report IP: Logged]
KhAoS 00:52 8/4/2002	personally i would have electec venables, he did a great job in euro 96, and picked a totally unbiast team. [Comment: Report IP: Logged]
[UKLA]m0rph 00:56 8/4/2002	I'd just like to say that, although its fair to suggest that I-es have the best players in the UK as they are the only clan in the UK

atm who can push for europeans honours imo, I still think that you gotta look thru other clans to seek talent.

I dont wanna be flamed but as soon as chris0 was on board with myersthere immediately became an element of bias in the selection. no offence to ya chris, just statin wot i think is a factor. The other thing is that, does myers play enough cs to judge how good a player really is rather than someone like LR|DK who actually plays against these peeps regularly? ur organisational skills r proven, but wot about team selection? after all this is quite a big step up.

However on the other hand (credit to myers and chris=)]I defend the choice to select elem because playing with him day in and day out I realise that he has a good cs brain and knows wot hes doin. but i think perhaps someone like Pathfinder from UKLA was overlooked? I think der r peeps like benji, proc, benji, sarge, landy, dazz, noc*mike, fred who r capable of performing at this sorta lvl and I must say they do display great consistency in clan matches so i think that the team selection should broaden.

This isnt a flame myers/chris, just my opinion. its for u to pick the team and for us to criticise it :)

BIG UP TO DEMOCRACY!

	nerf Clan ONE 10:07 8/4/2002	I don't really think there's a lot wrong with the team which was picked imo. The only glaring exception is probably Blaze, but I haven't seen him play recently and the squad is big enough already. I was a little suprised at Elem's inclusion bearing in mind his prolonged inactivity, but he should have the knowledge and experience and brings a decent AWP to the team. Good to see Khaos being included, he deserves it at the moment. About the large amount of I-eS players being picked, I think you should try looking at it without thinking about the clan tag and without automatically linking it	

		to Chris0. Mangiacapra is pretty much an automatic choice on his reputation, not many would leave him out. Lucking has been one of the best UK players for a while too. Wright has played well in the recent wars i've seen (e.g. CSA) and i think Jonny (or may have been someone else) nominated him as a capable leader of I-eS when Jonny stepped down. And finally Edwards has the experience of leading noc for a while and playing for some top clans. So in the end the way i see it is that they each have a claim for their place based on more than just being linked with one of the 'managers'. Whoever got selected in the team, we all have our own opinions on who should be in it. I'd put Kid, Barely Legal and Keiju forward as well but that's because i'm biased (though just ask Elem about BL from a recent gather a couple of weeks ago ;>). They did pick from the most well known clans, but A) there's a reason why they're well known, and B) not many other UK clans have the experience of playing european opposition (just look at the mess in the Open Cup... ^^). 	[UKLA]m0rph 10:24 8/4/2002	"Please know all facts before slating chris0 + myers." liq i aint slating anyone. All im saying is that the fact that by chris being there is immediate reflection in the team selection. Maybe someone whos neutral like BDM who plays cs regularly and has enough knowledge/experience of players by playing with em/against em is in a better position to decide? There are 2 plain facts here in my eyes: 1. chris0 is 4k. if i was 4k manager and uk-t manager i'd find it hard dropping 4k players from the uk team. 2. I think that threads saying things like: uk teams r incapable	

		atm of performing on the european stage are a criticism of the selection in its own right. Maybe by giving players who are coming thru a chance to play european CS instead of everyone who's experienced it before would improve all round performance in UK clans on the european stage as they will gain experience. Its not like there aren't people who play CS in the UK that can't match up to some of the selected. 4k play in europe anyway, maybe its fair to give others a chance. A mixture of new emerging talent with experience can go a long way. [Comment: Report IP: Logged]	
	landshark 10:32 8/4/2002	i think i should be uk team captain ! with my skills i could make it fold in less than 1 week! [Comment: Report IP: Logged]

	vip 12:42 8/4/2002	lol zac. Who cares each player has their strenghts and weaknesses and instead of complaining wouldnt it be better just to support them gl Uk team [Comment: Report IP: Logged]	
	Messiah Game2XS.Monkey Magic 12:49 8/4/2002	Yeh ann, Mike played well vs SK and he's still off form :> I woulda stuck him in but he wasnt picked so there ya go. Also wouldnt take Purple out, he's played good all throughout EC5 so has some good experience. [Comment: Report IP: Logged]	
	DArtagnan Infinity-eSports 13:22 8/4/2002	I never led noc!! That's always been in the capable hands of Rigs, and now i think Messiah is doing it? I would have liked to see Blaze in it. The thing which people are forgetting is only 2 players from each team can play in an actual match, so even though there's 4 of us in the Squad, at most only 2 of us can play in a match. I think people should stop moaning about the squad and wait till the match team plays a game then people can comment about who should be playing and who shouldnt by watching their performances. Also, do you really think Sven reads the newspapers to get his ideas on who to pick for the england squad? NOOOO :P [Comment: Report IP: Logged]

m0.

Ive NEVER played in any big european competitions, so I think your wrong in stating that point.

I know Ive been in Uninspired but they ain't exactly done anything amazing have they. Infact I don't think ui have every won anything have they ?

I think the four Infinity players Included are definatley worth including as they are four of the best in the UK. DArtagnan and Liquid are definate starters IMO, If they both had cable they would certinley be ALOT more solid than they already are. I have seen them both play on lan and are very capable CS players.

Luck1ng on the other hand is the kind of player that does amazing things, hes the person that can win a 3v1 in a very tense situation. A very solid player with alot of ability.

Wright is a VERY good sniper. Can play good CS in any situation and is ready whenever called upon. Wright can also use any other gun very well, he has amazing aim and I truelu belive that he should have been picked for the UK Team.

t00t love 2 see elem getting stuck in as usual, and tbh lets all admit why "I" left ukla, becuase unfortunately u seem to have this powerboy head, and dont listen to anyone opinion but your own, thats why Ripper,Busdriveman,Khaos and I left, u didnt kick anyone as u didnt have the rank to, we left because we dont like ur attitude towards us, my skillz and tp are not under question as if u watch my demo's from i10 I was there always backing up, playing well as a team player, thing is elem u came into ukla when I was

		having a bad time, had loads of work and little time 2 concentrate on cs, I'm sorry if there has to be atmosphere from us 2 but its seems its create from u and not me, I never hated you and always tried to rate u as a player, but u play like me and other snipers u lack tp, because mastering the awm requires for u 2 be a loaner, and yes I do doubt ur awm skillz I know plenty of players that could happily player better than u in a team and easily have stronger aim, but at end of day the uk team is a popularity vote, I wish u all best of luck because all of u will need it and lets hope u can prove everyone wrong and do us proud, goodluck lads [Comment: Report IP: Logged]	
	Rhyzz` 19:08 8/4/2002	oppie, im not a cryboy, it was blatantly rigged, why does anyone try to deny this? And i never said the UK players in i-es were bad, they may be good, but certainly not the best, not by a long way. i-es are good because they have tactics and a good lineup. But there certainly not the strongest team in the UK, so why pick all 4 players... Me, Ripper, Toomy, Eleh, Khaos were able to draw with a well polished team on a very difficult map. Wanna know how we got 4 rounds as T on nuke? we rushed the ramp...simple as that. We instantly took our Greg, and got down to the bomb spot, that won us 4 rounds.. Now if they had fantastic players, we wouldnt have been able to get past with a basic rush. There good undoubtably, but its so rigged its untrue. as i said before, the team is based on reputation, NOT skill. the only fair player in the team is Khaos. He is the most underated player in the UK, and	

		im very pleased he was chosen for the UK team as i dont think any top clan would think twice about recruiting him, as he certainly doesnt have the best Rep. Oh well, always next year to try and win the nation cup. Btw, Ajam, Sev, Vertakill.....those 3 alone could take any 5 of the UK team in a match. [Comment: Report IP: Logged]	
	shads theb0g 19:24 8/4/2002	"the team is based on reputation, NOT skill." thats the only worthwhile sentence on this entire thread. and dunkz, that is a load of crap. [Comment: Report IP: Logged]	
	[UKLA]m0rph 19:38 8/4/2002	ok ur an exception ann, but the majority arent. also another point, if like someone said in an earlier thread only 2 peeps from each clan max are gonna start why pick 4 from 4k? coulda just done it like 2 ppl from each clan. [Comment: Report IP: Logged]	
	Liquid- 19:53 8/4/2002	"Please know all facts before slating chris0 + myers." Wasn't aimed at u m0, was actually the threads be4 i've seen about 4, just cba to post on them be4. So was just generalizing. [Comment: Report IP: Logged]	
	Liquid- 19:56 8/4/2002	Btw, Ajam, Sev, Vertakill.....those 3 alone could take any 5 of the UK team in a match. Is this 5v1 ? And you willing to put money where your mouth is ? £50 yeh UK vs I-E none of the above will win 5v1 [Comment: Report IP: Logged]	
	[UKLA]m0rph 23:43 8/4/2002	liq sorry i love u 🐵:) [Comment: Report IP: Logged]

	Fred 09:33 9/4/2002	Played in clans with all 3 Ajam,Sev and Vert. I think you over-estimate them a little, sure they're amazing and I have no idea where to start to try and	

	find 3 uk players to beat them, but im sure 5 could take them 	[Comment: Report IP: Logged]
oppie 10:06 9/4/2002	Rhyzz the close game on i10 was great but you all are good players and the line up at i10 was not the one we would use online because a- i was not there b- dath was not allowed to play. We have different ppl on different positions and that can matter alot.	[Comment: Report IP: Logged]
dunkz 14:03 9/4/2002	lil, toomy, khaos, annum and liquid. what a s*** team, no chance. (a hint of sarcasm).	[Comment: Report IP: Logged]

Poog 13:39 10/4/2002	nice to see every1 agrees with tom (khaos) been in the team. hes one of the hardest b*****s to put down i ever seen  . hes shows what he can do and is easily one of the best fraggers the uk has to offer. gl to the uk team, altho theres a few ? marks over some of the picked players i cant see any1 been able to make much of an improvement to the selection (if any)	[Comment: Report IP: Logged]
