DArtagnan` 14:06 6/10/2002	Well we went 5-0 up and threw it away, ONE played very good.

		Though dont think we're allowed to turn up windows gamma, so it was so dark on train. Ct we lost the pistol round 🤔:([Comment: Report IP: Logged]

	shads theb0g 15:28 6/10/2002	u still cfg empie ;x [Comment: Report IP: Logged]	
	emfive 15:39 6/10/2002	Lies, I dont cfg... I just suck online and onlan now :] I-eS game was quite fun, erm game was an obviously dominated scoreline partly explained by a seriously ct biased map and losing the pistol round as ct (game over). The lan had obvious flaws: Not enough keyboard space (half of my keyboard off the table, use of half a mousemat). Loud (v.loud) Paying (a bit unfair but there was enough stuff to do if you didnt play) Mouse accel (a couple people in our clan had this, not sure	

about other clans).

Just observations not moaning, we didnt expect to beat I-eS and doubt we could of taken more than two of the clans there on aztec.

The admins were ok, I believed it was a bit rushed. For the I-eS game my keyboard wasn't working and found that 'sticky keys' had been filtered, joined the game and had to start. Also the time was rushed, not sure why... we got up to stretch our legs/go to toilet etc after our first game, got back and started straight away. Told that we had 2 more mins or we would of been disqualified (we were right next to the designated area, in full view). I personnaly would of allowed a less rushed tournament, get to talk to the clans etc.

Was decent I guess, only really went for fun with a total s*** seeding. A decent result vs I-eS, dissapointing against erm but we couldn't expect much from aztec.

GL I-eS / ONE.
