DArtagnan Removed From I-eS

Posted by Ripper at 17:41 7/11/2002.

In some shocking news it seems that DArtagnan (Greg Edwards) has been removed from the UK's number 1 clans Infinity-eSports. Immediately after I was informed I conducted a mini interview with the man himself, here's his answers:

Ic-|Ripper: firstly, how did this come about?

DArtagnan: Now it's happened i guess i could have seen some signs of it coming before, but basically the reason i was given is that i have too many personality clashes in the team with people like Stu and Marc (though i cant ever remember having a problem with marc, except having my bed covered in peanuts)

DArtagnan: and apparently it's affecting the team with my "personality clashes"

Ic-|Ripper: what are you planning to do now?

DArtagnan: I'm not sure, it basically means i'll no longer play CS, unless there is a possibility of me being able to play for 1 of 2 prospects (1 being very unlikely but worth a go)

Ic-|Ripper: Finally, are you happy with what you accomplished in I-eS, and what do you predict for I-eS in the future?

DArtagnan: we should have done better in Dallas, and especially in the passing WCG, it was a great experience, and im not happy that it has been cut short

DArtagnan: as for I-eS, it's kind of hard for me to be wishing them luck or predicting them to go on to great things is it?

There were rumours that I-eS would soon lose a player, but perhaps the reasons stated wern't what most expected. Good luck to Greg in the future with whatever he chooses to do.

Everyone has personality problems in clans at some point in their life.. it's just how you deal with it I guess.

Personally, I think removing one of your best players and also the leader (he is the leader yes? not overly sure) from the team because of 1 full clash and what looks like a few problems with another member is a little strange.

I guess if you honestly can't deal with the problem and you see no alternative, then that's what should happen. If that's the case here, then doh.
I'm guessing this decision was made since DArtagnan doesn't seem to really have the time he needs to devote to the team and I-eS also has some secret up their sleeve we can expect to see soon. :)

DArtagnan Removed From I-eS

Posted by Ripper at 17:41 7/11/2002.

In some shocking news it seems that DArtagnan (Greg Edwards) has been removed from the UK's number 1 clans Infinity-eSports. Immediately after I was informed I conducted a mini interview with the man himself, here's his answers:

Ic-|Ripper: firstly, how did this come about?

DArtagnan: Now it's happened i guess i could have seen some signs of it coming before, but basically the reason i was given is that i have too many personality clashes in the team with people like Stu and Marc (though i cant ever remember having a problem with marc, except having my bed covered in peanuts)

DArtagnan: and apparently it's affecting the team with my "personality clashes"

Ic-|Ripper: what are you planning to do now?

DArtagnan: I'm not sure, it basically means i'll no longer play CS, unless there is a possibility of me being able to play for 1 of 2 prospects (1 being very unlikely but worth a go)

Ic-|Ripper: Finally, are you happy with what you accomplished in I-eS, and what do you predict for I-eS in the future?

DArtagnan: we should have done better in Dallas, and especially in the passing WCG, it was a great experience, and im not happy that it has been cut short

DArtagnan: as for I-eS, it's kind of hard for me to be wishing them luck or predicting them to go on to great things is it?

There were rumours that I-eS would soon lose a player, but perhaps the reasons stated wern't what most expected. Good luck to Greg in the future with whatever he chooses to do.

DArtagnan Infinity-eSports 01:24 8/11/2002	I would have said if there was a problem against me that they should have come and spoken to me before hand, and tried to sort out the situation. I've just spent a week in Korea with them and nothing was said. Why not sort out the situation instead of speak behind my back for weeks them come out with "you're kicked cause you had personality clashes". Problems are easilly sorted if they are spoken about, that they didn't do. [Comment: Report IP: Logged]

Can i be blamed at least seeming angry, despite not accusing any1, except for PB for the peanuts cause marc and stu said it was PB, though PB said earlier it was marc and stu.

Better to get it over and done with really.

I can tell from DArtagnan's posts that there is a difference of personality, maybe to do with age, i dunno.

But what would the point be if it was discussed? The only fix would be for him to act differently and i dont think; atleast i hope; noone would change their personality just for CS...

Ic-|Ripper: firstly, how did this come about?

DArtagnan: Now it's happened i guess i could have seen some signs of it coming before, but basically the reason i was given is that i have too many personality clashes in the team with people like Stu and Marc (though i cant ever remember having a problem with marc, except having my bed covered in peanuts)

DArtagnan: and apparently it's affecting the team with my "personality clashes"

Ic-|Ripper: what are you planning to do now?

DArtagnan: I'm not sure, it basically means i'll no longer play CS, unless there is a possibility of me being able to play for 1 of 2 prospects (1 being very unlikely but worth a go)

Ic-|Ripper: Finally, are you happy with what you accomplished in I-eS, and what do you predict for I-eS in the future?

DArtagnan: we should have done better in Dallas, and especially in the passing WCG, it was a great experience, and im not happy that it has been cut short

DArtagnan: as for I-eS, it's kind of hard for me to be wishing them luck or predicting them to go on to great things is it?

There were rumours that I-eS would soon lose a player, but perhaps the reasons stated wern't what most expected. Good luck to Greg in the future with whatever he chooses to do.

Confucius 19:29 8/11/2002	Triple H screams, garrulously rants and raves about how he's going to rip someone's head off and s*** down their neck. Camera pans to a row of slobbering rednecks, wearing a variety WWF emblazoned attire, the remnants of last nights

dinner staining the section of garment pulled taut over their beer bellies. A section of them making a cacophony of noise, hollering and cheering for their hero, the others standing still in doe-eyed, almost homo-erotic, admiration of the man in spotlight.

Person at home watching this thinks Triple H is putting on a show and the group in the crowd are a sad bunch of inadequate geeks who aspire to be Triple H in a futile attempt to fill their own vacuous lives, so shouts at the TV and flips over to watch something less transparent.

Analogize the above ... but substitute in Fella, Raiz and various posters on this thread
