Dartagnan Joins ONE

Posted by Ripper at 21:52 12/11/2002.

Dartagnan, who was recently removed from I-eS, has joined up with ONE, another of the UK's best clans. Immediately after finding out I contacted Greg and asked him a few questions:

Ic-|Ripper: Who approached who in this "transfer"?

ONE|Dartagnan: well basically, they were really my only choice the moment i was "kicked" i actually pm'd Righteous the moment i was kicked about it, and ONE has been sorting out the organisation of it since

ONE|Dartagnan: obviously they had problems in trying to accomadate me, because they did already have a full squad

Ic-|Ripper: How did they solve this?

ONE|Dartagnan: unlike what I-eS did they dont want to do the rotation system with 6 players, and it seems Strikes has been forced to take the role of a 6th man. Obviously he's not particuarly happy, and i dont feel that great having forced some1 out of a spot, but more reason to have to play well to prove i deserve the spot.

Ic-|Ripper: So that means ONE's first team is....?

ONE|Dartagnan: KhAoS, Righteous, Keiju, BL and myself

Ic-|Ripper: Do you believe you can now beat I-eS at major competitions?

ONE|Dartagnan: I always wanna be the best, this team proved at the WCG quals that it took I-eS very close, they had just added a member before the event, and obviously didnt have chance to prepare. Hopefully with our intended preparation for the next major lan, intel masters, and also my extensive knowledge of exactly how I-eS play (they'll think changing their tactics will fool me) but i know all their individual playing styles and that kind of gives us the tactical upperhand

Antmoo also had a quick word with Righteous and got this short statement:

ONE|Righteous: Greg asked to join us 5 minutes after hearing about his kick from I-eS, we had to

think about it and rethink our squad and what changes we could make to fit him in the team.

All sounds good, bound to spark up the UK CS scene, GL to Greg and ONE.

Dev theb0g 23:10 12/11/2002	Bit lame whats happening to strikes. Just like to address the issue of i-es. Dont wanna get flamed although its definately going to happen. The only reason you want to see them lose is because they win everything! Fair point nowt wrong with having a difference, but its the way most of you go about reasoning your anger and or blatent lameness which makes it all so stupid. They are like Man Utd or Arsenal of the UKCS world, they have there fans but most of the country wishes to see them lose :D Instead of flaming "yay go beat i-es, cos im one three three seven etc..." just make a constructive argument. Its not exactly hard. That made sense to me, prolly didnt to everyone else. I know what im trying to say. I do like the idea of some other uk clan winning something for a change, but at the end of the day, why the hell half of you

		hold grudges against a clan you have never probably even played against is beyond me. GO #omg! :D [Comment: Report IP: Logged]

If you're striving to be #1, what's best for the clan has to be done. 4K did it, and look it where it's got them today.	

I guess ONE have realised this with their recent close calls v I-eS at LAN and figured a restructure is going to put them over the top of everyone in UK.

But anyway, this is about welcoming Greg, so that'll do from my side. No sour grapes at all from me, and imo ONE are doing the right thing. It must be difficult when you are able to take one of the best players in the UK on. However strikes is an amazing player as he had shown at the recent lans. Why don't they do 6 player rotation system like i-es did? Its not as if all players can play all the time is it. I-es are gonna have a hard time against them now especially with dartagnan on the team who knows how they play and his experience at cpl's etc.

Some people have a right to be arrogant ... Greg is in the top 3 best UK CS players (a lot reckon he's the best) ... so of course he can afford to be arrogant ... plus the fact he's a big strapping handsome lad hung like a donkey who gets the girls eating out of his 1337 palms.
I met him at GDOC and he seemed like a nice fella ... and he said he's gonna daddy me with his Kung Fu so now I ph33r him.
Bit shady on Strikes but s*** happens ... deal with it ... you don't make good mates online ... that's why SCEE is still going we're mates in RL (most of us) before CS (then we all hate each other) ... Strikes joins OMG ???

I gotta say I'm surprised at the fact that strikes, who was imo one of the best players at WCG full stop, was removed from the team in such a fashion. You cant blame greg cause it wasn't he who made the decision of the cuts. After reading some of the comments and remarks about what happened I have to say I have lost a big dose of respect which I had for clanone and what they stood for.

Also after reading some convo logs I am truly shocked at the tactics some people have used to manipulate the position of certain players in the clan, i think its a disgrace.

Nonetheless, I met ONE at wcg and gdoc and all were sound lads, so i guess I do wish the new team good luck and hope greg settles in nicely and that.

Dartagnan Joins ONE

Posted by Ripper at 21:52 12/11/2002.

Dartagnan, who was recently removed from I-eS, has joined up with ONE, another of the UK's best clans. Immediately after finding out I contacted Greg and asked him a few questions:

Ic-Ripper: Who approached who in this "transfer"?

ONE|Dartagnan: well basically, they were really my only choice the moment i was "kicked" i actually pm'd Righteous the moment i was kicked about it, and ONE has been sorting out the organisation of it since

ONE|Dartagnan: obviously they had problems in trying to accomadate me, because they did already have a full squad

Ic-Ripper: How did they solve this?

ONE|Dartagnan: unlike what I-eS did they dont want to do the rotation system with 6 players, and it seems Strikes has been forced to take the role of a 6th man. Obviously he's not particuarly happy, and i dont feel that great having forced some1 out of a spot, but more reason to have to play well to prove i deserve the spot.

Ic-Ripper: So that means ONE's first team is....?

ONE|Dartagnan: KhAoS, Righteous, Keiju, BL and myself

Ic-Ripper: Do you believe you can now beat I-eS at major competitions?

ONE|Dartagnan: I always wanna be the best, this team proved at the WCG quals that it took I-eS very close, they had just added a member before the event, and obviously didnt have chance to prepare. Hopefully with our intended preparation for the next major lan, intel masters, and also my extensive knowledge of exactly how I-eS play (they'll think changing their tactics will fool me) but i know all their individual playing styles and that kind of gives us the tactical upperhand

Antmoo also had a quick word with Righteous and got this short statement:

ONE|Righteous: Greg asked to join us 5 minutes after hearing about his kick from I-eS, we had to

Righteous- 13:23 13/11/2002	Guys, its all well and good sitting here flaming ONE & Greg but not one of you have any idea of what happened in our online pcws. Strikes wasn't moved to 6th because we consider him the worst player in ONE, cos he isn't. There was other reasons that none of you know about, i didn;t want him to go into 6th, but i wanted the 5 we had at wcg to change, but you can't change things without people getting hurt. Epcw turned into us all fighting, muting on voice comm . Now im not blaming Brett for this at all, but as i said i was out voted and changes NEEDED to be done to the current 5 as it was so bad. Righteous is right, none of you except ONE and strikes know the facts, nothing is ever black and white, dont judge ppl on rumours and UKT gossip.

serious philosophical post coming, soz :o

There are 2 seperate issues here, like DoZ touched on.

If clan one are going down the 'pro' road, you cant let personal feelings get mixed up in proffesional decisions. Using the analogy of football (which is maybe what the uk scene scene should be looking towards - Discuss), you don't see Solskjaer complaining about being left on the bench, its proffesionalism. Yes decisions may seem harsh, but when you are playing competitions for serious prize money they are totally necessary. Not saying that pushing strikes aside was justified, just that if you are going down the pro route and want to compete with the likes of I-eS, tough decisions need to be made.

Then of course theres friendship. Something that clan ONE (unusually for a top cs clan) was based on it seems. You can still have friendship in a proffesional side, but the two things need to be kept seperate.

Where is cs going in the uk? It seems I-eS are trying to become a much more serious clan with winning becoming the sole objective. Is clan one going the same way? Do they want to? I dunno, but by what i

		read the players dont know either... [Comment: Report IP: Logged]

	Ti MuffinMan- 01:42 14/11/2002	Monday, Tuesday Happy days. How about have a squad rotational system of 6, it worked for I-es. Only the best teams in the world can manage

		a 5 player squad full time because they are able to do it as a profession. Strikes is clearly sexy and should be able to play. GL ONE and I hope Strikes is given his rightful place back which is totally deserves. *Me awaits being called a c*** n00b nob t**t w**ker* [Comment: Report IP: Logged]

	jk 04:06 14/11/2002	tbh if ONE benefit from this change, and it makes obvious improvements that allow them to beat the best clans and win the big prizes, then they've made the right decision; they're at a level now where clan skill can earn them some big prizes and should start taking a professional approach towards cs. but thats just my opinion, flame at will :x [Comment: Report IP: Logged]

[ONE]-BL
21:07 14/11/2002

it seems a lot of people start to criticse us without getting the full story. I dont want to drag up the past. But when we had problems in the clan we always kept them internal and so people always viewed everything as rosy from outside of the clan. The problems now are just one of many problems that have occured in the history of the clan. Sadly this time the problems have been aired in public. This change in the squad isnt just down to Greg, Brett and Tom. There are a lot more factors which come into play.

Along the way we have created great friendships and lost some friends but that was the price we had to pay to move on and eventually up in the counter strike scene. Originally we were a fun clan with plenty of members but when things started to get more serious we had to ask various members to leave which wasnt a pleasant thing to do at all. An opportunity arised to recruit one of the best cs players in the country in Greg and we decided it would enable us to reach a higher level of play if we recruited him.

We never set out to hurt Bretts feelings, things were complex and past and present things had to be thought about. It wasn't an easy decision at all. But at the end of the day its just a game where we want to play against the best opposition and win. The prizes available have raised our sights and changed what the clan is about maybe we have all become a bit more materialistic. I hope Brett can forgive us as we all value his friendship and his cs ability and want him to remain a part of the clan.

Peace

BL

DArtagnan Joins ONE

Posted by Ripper at 21:52 12/11/2002.

DArtagnan, who was recently removed from I-eS, has joined up with ONE, another of the UK's best clans. Immediately after finding out I contacted Greg and asked him a few questions:

Ic-|Ripper: Who approached who in this "transfer"?

ONE|DArtagnan: well basically, they were really my only choice the moment i was "kicked" i actually pm'd Righteous the moment i was kicked about it, and ONE has been sorting out the organisation of it since

ONE|DArtagnan: obviously they had problems in trying to accomadate me, because they did already have a full squad

Ic-|Ripper: How did they solve this?

ONE|DArtagnan: unlike what I-eS did they dont want to do the rotation system with 6 players, and it seems Strikes has been forced to take the role of a 6th man. Obviously he's not particuarly happy, and i dont feel that great having forced some1 out of a spot, but more reason to have to play well to prove i deserve the spot.

Ic-|Ripper: So that means ONE's first team is....?

ONE|DArtagnan: KhAoS, Righteous, Keiju, BL and myself

Ic-|Ripper: Do you believe you can now beat I-eS at major competitions?

ONE|DArtagnan: I always wanna be the best, this team proved at the WCG quals that it took I-eS very close, they had just added a member before the event, and obviously didnt have chance to prepare. Hopefully with our intended preparation for the next major lan, intel masters, and also my extensive knowledge of exactly how I-eS play (they'll think changing their tactics will fool me) but i know all their individual playing styles and that kind of gives us the tactical upperhand

Antmoo also had a quick word with Righteous and got this short statement:

ONE|Righteous: Greg asked to join us 5 minutes after hearing about his kick from I-eS, we had to

think about it and rethink our squad and what changes we could make to fit him in the team.

All sounds good, bound to spark up the UK CS scene, GL to Greg and ONE.

nerf Clan ONE 11:36 16/11/2002	The entire uk cs community chops and changes and creates and folds clans every 5 minutes. ONE make a single change (the first change anyone has taken any notice of in the last 2 and a half years) and suddenly they are lame. Interesting. [Comment: Report IP: Logged]
