Xprez gets forfeit win over gmpo.swe

by: darkmongo - **Comments (3)**

Xprez - gmpo

Score: 48 - 0

gmpo had to give up the match due to not having enough players. After a short while of waiting for an answer by gmpo the squadleader of gmpo.swe class finally told us that they couldn't play the match because they didn't have enough legal players. He also said that they will have to drop the cup... Wether this is only a rumor or a fact will be seen in the following days...  [more...](#)
