	spoke to the clan leader of e2 at bout 12 midnight and he was out on the town very p***ed so unless they both played with a very low strength team i have no idea but i do know that e2 played MD last night? which they won 13-4 i THINK! not 100% sure so don't quote me on that. But i do know that the match against omg was supposed to be cancelled last night due to a lack of players for both teams and re-scheduled for tonight so if this is a mistake please rectify it ASAP!! 	DoZ Anti-saviour of UKT 10:54 27/9/2002	Marcus played for bog already in it. That's how it's making a mockery of the system Paul. There's more than one person playing for multiple teams in it. [Comment: Report IP: Logged]	
	Paul-- 11:17 27/9/2002	You can't blame e2 for that seeing as they had no team to put out against OMG! cos MATH the clan leader was out and so were most of the other team [Comment: Report IP: Logged]

	Ripper Rush! 11:23 27/9/2002	yeh same time as 6K, 10pm, and to be fair, all clans that reached the semi's had to play 2 games in one night, so it wasn't just e2 at a disadvantage. [Comment: Report IP: Logged]

	DArtagnan Infinity-eSports 12:00 27/9/2002	A little unfair, and just shows the whole system with on-line play. Didnt this kind of thing cause a huge scandal over lil mercing? It's a shame for the OMG! guys, i hope khaos and marcus play the rest of the games now, otherwise e2 will just get spanked, and will have wasted OMG!'s good chances of winning.

	Ripper Rush! 12:07 27/9/2002	A simple wonid system where players could only be added at 24hrs notice (a la bwcs!) could have easily solved this. [Comment: Report IP: Logged]	
	Baal0r 12:07 27/9/2002	I'm sure the match would have been in our favour or at least a lot closer if we had fielded a stronger team and one of us (no names) wasn't afk for the 1st round like a big n00bie...pistol rounds always tip the scales for the 1st half. Didn't really expect to be playing a frantic game and after the 1st round I wasn't in the mood - it was late noone was happy, there were arguments. Marcus did play for b0g already so I find it quite suprising there are no rules for people to register their WONIDs etc on BY and a couple of subs so that noone can pull off any stunts. Anyway the LAN should be good as long as the computers work and they dont use a yoghurt pot for a switch/hub, and hopefully there will be some tense matchups in the ilk of gdoc.  :P [Comment: Report IP: Logged]

	Dr_Evil^ 13:08 27/9/2002	TBH, if this was some f****t online league that mattered f*** all then fine. They lost to mercs with a weakened team. However id say OMG! are very likely to get thru and do well in the Sunday part of the WCG (GG online qualifier gettin in there once again) where they will most likely win some sort of prize. Now I cant talk for them but if had been cost that by a clan using mercs who probably wont go to the LAN as a team id be annoyed to say the least. I doubt anyone will do anything this mind because the whole f***in thing is a big joke. The LAN qualifiers count for f*** all, the online ones get a place in the final. The transport isnt materialising and I still havent had any contact about the finals except to say that there will be no coach from our local centre. WCG is decending in to a joke in the UK. Afternoon!

I'm from MD, and i heard rumours about e2 using 6k mercs during our match, i had no idea it was 4 mercs tho o_0, anyway, theres not much we can do about it now, games lost, you could say we where cheated but, mercing is not agaisnt the rules the admin said, so, the admins word is final... :/

Ok what happened is we played e.t.m and all the other clans with our FULL team, consiting of myself, slater, snarc, KroN and Fallen which we all won convincngly.

I found out that we had to play our 3rd round game at 8:30 and if we won it the Quater Final at 10:00 v either N@S or OMG!

My came back from holiday last night and i had to go and meet them at the aiport so i COULD NOT play. KroN had loads of work to do and also couldnt play, Slater just started a night college course on Tuesday and Thursdays and couldnt make the game. And then fallen had already organised to go out, so basically we had 1 player, snarc.

I emailed this to the headadmins:-

Hello im MATH from #-e2- , i messaged you on IRC but your name implied you were in bed :o at 6pm!! :P

Well we have our 3rd round game tongiht at 8:30 PM and if we win this, will have to play our qauter final game at 10:00pm which IS NOT possible. Different reason,s but basically we will only have 2 players.

I spoke to Liquid, he said to speak to you.

I have spoken to OMG! about this, and they would also _prefer_ to reschedule the game until tomorrow evening. Any time tomorrow is possible, so it doesnt interrupt in any games that you may have placed.

It would be greatly appreciated by _both_ OMG and ourselves if this was rescheduled, as its a game i know people want to see, and would be a shame to miss.

If you would like to contact snarc from #OMG! (omg|snarc) hes the manager for them, he can verify this.

Kind Regards
MATH

The headadmin then messaged me over IRC and said that this was ok, and the game would be rescheduled and the date/time was TBA. Even if OMG! lost and we had to play N@S, the game would have been reshceduled.

All was ok and we would have probably had to play OMG! on the Friday night.

Before i went out i spoke to snarc in the channel, and he seemed to think (after speaking to some "kid" admin) that he had to play it tonight (last nighT) i told him thats bs and to play it tomorrow, as the _head admin_ told me. I was a bit worried this is what snarc would do, but being both player and manager for OMG! made the situation different.

I go out, i come back at about 4:00am. I read the logs from our private channel, and note that we had beaten OMG!... From what i saw, and i havnt spoken to snarc yet, the team who played was:

snarc
KroN

And mercs: SiN, KhAoS and Marcus

They had no tactics, just basically rushed into the game and beat OMG! the score they did.

I understand from snarcs point of view that he had to play it tonight, but i dont think he fully understood that i spoke to the _head admin_ and he said it would be reshcheduled. I think what happened there is OMG! decided to un-agree the rescheduled game and play it now, which in its own right is foul play :/

The Sem-finals are on Sunday, there was no reason whatsoever that OMG! couldnt have played it on Saturday or Friday even, they knew we had no team so what would they expect FFS 2v5? We werent going to default it was the only way. At the end of the day it was their choice whether to play now v half a merc team or on another occasion v the real e2.

And may i note, the REAL e2 will be playing against 6k, and we will show you how good we are, and were worthy of getting this far.

Jesus christ, like f***ing 80% of these "rumors" are all complete bulls***. Whats the point of spamming all non sensical s***, if none of its true. Nighty from MD he said he heard rumors that 6k were mercing for e2, yet when I spoke to him about that, he said he never went to ask 6k whether or not this was true, before he posted this "rumor". What a load of f***ing bulls***, funny how no one has come into the e2 channel asking what happened, and why did they merc. Instead its all speculation and bulls***, you got a problem ask someone in the clan or go complain to BY. Otherwise shut up

Aardvark theb0g 23:03 27/9/2002	Well pardon me for confusing the point dart, if its a nations tourney why the hell do they do it with individual teams? Should be a UK team not individual clans competing for a place. [Comment: Report IP: Logged]
DArtagnan Infinity-eSports 23:11 27/9/2002	Well how do they make a UK team? They cant just select players, cause simply they dont have the knowledge or ability to do it. Instead they get already existed teams to compete, so the best team gets to represent their country. The same way they do it with the olympics, where the UK has it's trials, and the best athletes are the ones that get to go to the oylmpics. [Comment: Report IP: Logged]
Aardvark theb0g 23:13 27/9/2002	Well they should make it MUCH more clear than they do right now, I see nothing in the WCG info that leaps out to tell you its meant to be a nations cup. [Comment: Report IP: Logged]
Ns.BJ 23:14 27/9/2002	well its obvious dart, they get some1 to simply pick who he thinks are the best 5 players in uk, then wave his magi wand and get the to gel as a team 🧙🏻 and we would all agree with those 5 choices obviously 🧙🏻 [Comment: Report IP: Logged]

kirium 19:19 27/9/2002	which other clans in the wcg used them? b0g _IS_ a merc team, its made up of friends from oldskool clans such as H&D LCA and so on. so when clans play b0g they can expect a game which might be extremely challenging (with them fielding bob,toomy,lil,vir,marcus - just an example) or a relatively easier game (with them fielding players who were good in cs betas but cant be arsed any more,etc). when we were up against e2 we expected a relatively easy game, seeing as we had gotten convincing wins over so19 & N@S, who can be said to be better then e2's *actual* team. 	Mathieu 19:21 27/9/2002	I find myself keep typing this... It was OMG!'s decision to play us last night, they were given the choice to play last night (which they knew we would have had mecs) or on another occasion. [Comment: Report IP: Logged]

	shads theb0g 19:29 27/9/2002	all that arguing is just such a load of sad bulls*** end of the day it's BY being thier usual s***ness that makes this whole situation a load of bollucks, both clans *seemed* to be unfair to each other but they each had understandable reasons it seems, the one thing that could've solved it all simply in a few seconds of reading to save the hours of bulls*** this has bought up would be a proper rules and admining system strictly enforced. but basically, it's online cs at	

		it's best, so you should just learn to take all the online bollucks with a pinch of salt, because usually it's not the game being a load of bulls*** online, it's the people 'playing' it, as this thread shows. [Comment: Report IP: Logged]

	emfive 19:31 27/9/2002	Main contenders to run: BY, BW, Jolt, I-eS? Tried BY. BW would be decent I guess. Jolt, no-one likes to play serious tournies with them it seems. I-eS: Wise to let a competing clan's company run the tourney? (Doubt they would do anything to fix it any way, they are the BEST in the UK anyway... just the way you look at things). Not sure on a suitable host if there is any, possible use of the VGA league servers? Maybe scrap online qual altogether. [Comment: Report IP: Logged]

	shads theb0g 19:37 27/9/2002	Fred i understand that from what you think now after this happens, but really you shoulda realised what *could* have happened in an ONLINE qualifier anyway, and just be ready to accept it when the bulls*** comes like it always does one way or another online [Comment: Report IP: Logged]	
	KaM 19:38 27/9/2002	Ya we enquired whether i could paly or not in online quals and i was allowed to play, i wouldnt of had this been against the rules :P And btw just making sure that everyone knows us 'forcing' e2 to play that night or give us a default after saying we could reschedule wasn't seedy, was an honest mistake. And we agreed to you mercing, though i don't think that should have been, or should be our	

decision or responsibility, by should rule on it imho. The reason we did allow you to merc is we figured we would beat you anyway and it would keep all parties happy, that you had gotten to play the game and we didn't take the default whcih we surely were entitled to do but, and i think this shows that we werent trying to be seedy, and for us that we didnt reschedule and therefore basically forfeit to you guys since we couldnt play a rematch, although i would be able to make sacrifices to now play under these er unforeseen circumstances.

	Smittins 20:12 27/9/2002	"I know this is not 100% fair, but whenever has CS been fair? Configers/mercs/cheating even, im sure all have taken place during this competition." i assuming u would advocate cheating then as by your logic	

its just as justifiable :/

u can say its ok to do something just beacuse it may have happened elsewhere really :/

and pls dont palm me off with it being nothing to do with me, its a public portion of a site where anyone is welcome to comment ;X

Instead Craig, mad Suj should ditch on-line quals for cs. Look at the other games like q3, a good fair tournament going on. CS is just a s*** one, but once again it's unlikely to matter, cause whatever team wins it won't be going too far on the saturday's competition, it should be 6K if e2 dont go mercing again (im avilable for £20 a game), but then at the WCG 6K dont have their foreign players.

6K has only used 1 foriegn player for fair enough reasons. MadSpunk went off to uni on Thursday and quite obviously had no net. He has played at cyberplex and all the online games bar those on Thursday, he will be playing the semi (+ hopefully) the final on Sunday from a m8s house. He will also be down at Earls Court to play in person whether 6K win or lose the online quals. Sol played in MadSpunk's place yesterday as 1) We needed a player, 2) The rules dont object and 3) He is an actual member of the clan. We wouldn't

		consider playing Aragorn as he is already playing for dG.nl in the wcg quals (the irony being we played sol against dG.uk), its possibly a disadvantage playing sol as we have practiced with MadSpunk a lot more for this tourney (the little pracky we done, MadSpunk being the CL etc). We will def. be at lan with an all UK team and hopefully will play well. [Comment: Report IP: Logged]
