EuroCup VI and Opencup Update

Posted by Dev at 23:35 27/10/2002.

Here is a quick look at the results of the games that have been played in the last 7 days in the Clanbase EuroCup and the Opencup regarding teams from the UK.

First we start at the EuroCup where tonight dNC played the German team SK.de the final score was 27-21 to SK. I have to say that according to the report which was given on Clanbase it seems dNC were a little unlucky. The maps played were de_dust2 and de_nuke. The loss leaves dNC 6th having lost all 4 games in a group full of the highest quality clans.

In division 1 of the opencup, ONE who are top of group B beat the Swiss clan e1 30-18 in a fairly comfortable match. Keep it up lads!

Finally, looking at division 2 of the opencup. UK clans second group matches have been played and here are the results:

- #omg! 31-17 #mad-clan
- #weakest 35-13 MSQ
- fcc 24-24 r3
- EndGame| 8-40 Im
- insomnia 7-41 QuAd
- VETS 13-35 SonY
- 6K 48 - 0 es7
- erm: 10-38 whY
- iLLu 39-9 siaf
- Disturbed 39-9 []

Its nice to see a few more wins on the board. Well done to #omg! who won their 2nd game in a row and to Weakest & fcc who won and drew respectively. Also congratulations to iLLu & Disturbed who are now on winning terms. I am still waiting on the bcodes result and on a more serious note, ui have dropped from the opencup for reasons i am not 100% sure of.

Good luck all.

Here is a link to Clanbase where you will find all the information, fixtures and results from the above tournaments.
