OMG They Won The Online Qualifiers !

Posted by Ripper at 23:00 29/9/2002.

After a rather messy night of action in the Blueyonder WCG Online Qualifiers, omg! finished the night winners. The semi finals took place at 6.30pm with omg! and mag8 beating 6K and Disturbed, with scores of 13-6 and 13-8 respectively. Next up was the final, which omg! stormed 13-4 (8-4 and 5-0) against mag8.

Both finalists will attend the finals on Sunday, with omg! recieving a better seeding. After the final I caught up with Fred and asked him a couple of questions:

Are you happy with your team's performance tonight?

As with every match one plays there was room for improvement, CTs started off badly going 4-0 down but we got our act together and won the following 13 rounds which was pleasing.

How well do you think you'll perform on sunday?

I'd be dissapinted if we dont achieve runners up. I'm sure we can push for first place but I wont be getting my hopes too high as IeS are rock solid :)

Well, there you have it. Good luck to omg! and all the other clans attending this weekend.

Baal0r 17:13 30/9/2002		MAtH your entire team was merced apart from tom - if you aren't going to play your real team then whats the point of playing at all? You take your real team to the LAN and you wont make it past the 1st game I'm pretty damn sure. Just your lame attempt at some publicity - which you have recieved, although maybe not the kind you were hoping for. Maybe you were all busy because you thought the game was off but remember - the admins offered you a chance to play us

	again a week later, with your real team and u declined, so don't give me that 'its a f***ing joke' crap. If you had played your real team and beat us I woulda been sorely disappointed but I wouldn't have whipped up a fuss. Noone likes losing unfairly, especially me, but I'd rather lose with my real team than be given it on a silver platter. What happens when you get to the actual LAN and your team have no sense of the level of competition you are going up against? If you had played mag8 in the final they would have thoroughly pasted you. I have to agree the BY quals were poorly organised but thats no reason for your team to be badly organised or to take your 'fake' victory and bask in the glory of whopping us when you didn't even lift a finger. [Comment: Report IP: Logged]
mOrph Infinity-eSports 17:17 30/9/2002	according to a by admin u actually declined the rematch that was offered... hmm ok then. Well like i say, lets see how lippy u will be at lan. Rhyzz - lol do the uk community a favour and PLEASE for the love of everyone SHUT UP. You don't know the situation yet you stick your nose in? lol no wonder the whole of noc thought they'd f*** off with u as one of the reasons [Comment: Report IP: Logged]

18:22 30/9/2002

Baal what THE f*** are you talking about?

1. "MATH your entire team was merced apart from tom"

Actually it was our entire team apart from snarc(tom) and KroN.

2. "You take your real team to the LAN and you wont make it past the 1st game I'm pretty damn sure."

We'll see  :)

3. "Just your lame attempt at some publicity"

Actually this was snarc(tom) aka OMG! (your clans) manager. Not me.

4. "Maybe you were all busy because you thought the game was off but remember - the admins offered you a chance to play us again a week later"

LOL a week later. I think the actual WCG @ Earls Court was a week later.

5. "Noone likes losing unfairly"

We didn't break any rules, whats so unfair?

6. "What happens when you get to the actual LAN and your team have no sense of the level of competition"

LOL

7. "If you had played mag8 in the final they would have thoroughly pasted you."

We played mag8 on dust2 in a PCW (The map we would have ended playing them on). Tried some new tactics as T's, won 8-4. As CT's my net went off and fal's too; shame we only needed 5 rounds to win and i could shove that down your face.

8. No 8.

		9. No 9.

	-ven0- 18:31 30/9/2002	MAtH I think you'll find im the omg manager and i think you'll find you did infact break a rule of the competition, which goes along the lines of if you enter as e2 in order to qualify on lan you have to play with the same e2 lan team all the way through	

(wierd huh?)

The problem with an online comp is that ppl can concievably 'config' and also can use mercs as your not acctually there at a LAN - ppl were trusted to not merc -you undermined that and thus the whole competition.

Apart from that youve always been a good bloke to me so i dont see any point in badmouthing as it generally isnt true - gl on saturday anyway, and i'll see you on Sunday hopfully 🍀:)

OMG They Won The Online Qualifiers !

Posted by Ripper at 23:00 29/9/2002.

After a rather messy night of action in the Blueyonder WCG Online Qualifiers, omg! finished the night winners. The semi finals took place at 6.30pm with omg! and mag8 beating 6K and Disturbed, with scores of 13-6 and 13-8 respectively. Next up was the final, which omg! stormed 13-4 (8-4 and 5-0) against mag8.

Both finalists will attend the finals on Sunday, with omg! recieving a better seeding. After the final I caught up with Fred and asked him a couple of questions:

Are you happy with your team's performance tonight?

As with every match one plays there was room for improvement, CTs started off badly going 4-0 down but we got our act together and won the following 13 rounds which was pleasing.

How well do you think you'll perform on sunday?

I'd be dissapinted if we dont achieve runners up. I'm sure we can push for first place but I wont be getting my hopes too high as IeS are rock solid :)

Well, there you have it. Good luck to omg! and all the other clans attending this weekend.

a1ex^ 19:43 30/9/2002	Rhyzz why dont you just shut youre retarded little face, e2 merced they got punished. i hear you want to join clan ONE and take them over from the inside, due to youre past record at leading a clan i think it would be a fatal error for ONE to accept what can only be described as a moron into a clan that has some potential, just look at youre 2 previous attempts at leadership(.SoE.uk and Nocturne) coupled with youre awesome skill as proven at every major lan event and you have a reciepe for disaster. my advise to you, Eagle and CyRus..... form a clan and make a league for the mentally challanged. OMG They Won The Online Qualifiers !

Posted by Ripper at 23:00 29/9/2002.

After a rather messy night of action in the Blueyonder WCG Online Qualifiers, omg! finished the night winners. The semi finals took place at 6.30pm with omg! and mag8 beating 6K and Disturbed, with scores of 13-6 and 13-8 respectively. Next up was the final, which omg! stormed 13-4 (8-4 and 5-0) against mag8.

Both finalists will attend the finals on Sunday, with omg! recieving a better seeding. After the final I caught up with Fred and asked him a couple of questions:

Are you happy with your team's performance tonight?

As with every match one plays there was room for improvement, CTs started off badly going 4-0 down but we got our act together and won the following 13 rounds which was pleasing.

How well do you think you'll perform on sunday?

I'd be dissapinted if we dont achieve runners up. I'm sure we can push for first place but I wont be getting my hopes too high as IeS are rock solid :)

Well, there you have it. Good luck to omg! and all the other clans attending this weekend.

w1cked__ 16:01 1/10/2002	7. "If you had played mag8 in the final they would have thoroughly pasted you." We played mag8 on dust2 in a PCW (The map we would have ended playing them on). Tried some new tactics as T's, won 8-4. As CT's my net went off and fal's too; shame we only needed 5 rounds to win and i could shove that down your face.
