Puneet- 20:27 30/11/2002	lost to aT, f***ed up both pistol rounds. 4-0 down as T brought it back to 6-6, thought fair enough. Then as ct we had a shambles of a pistol round, go down 3-0, then the 4th round we took them all out to leave sin on his own to defuse, sadly he was using houd's old pc and hadnt bound the use key.....u can guess what happened next 📺:) Quick thinking woulda meant we paused or something, but i guess sometimes the luck runs against you. anyway all in all a good enough event, average lan centre but good stuff from the vga lot. Havors 23:05 30/11/2002	Iron ive never heard so much s*** come out of 1 persons mouth.

		as i siad only a couple of UK clans can compete. compete being the word. I think its the lack of facilities in the UK thats holding us back not to mention the s***e internet connections. [Comment: Report IP: Logged]

	Havors 23:21 30/11/2002	the point is we are so far behind them its depressing. With the exception of a couple of uk clans we cant touch them. sigh. get practicing!!!! read it again m8! idiot I know I-eS can compete! but they still not quite good enough. as for the rest of the uk we need a kick up the arse and some LAN investment. blank. 23:46 30/11/2002	but they didnt [Comment: Report IP: Logged]
Havors 23:47 30/11/2002	exactly just not 'quite good enough' . they could be good enough, they might be good enough well have to wait till 2003 to find out. [Comment: Report IP: Logged]
phonics 00:48 1/12/2002	there may be not so many famous clans from individual nordic countries; when you dotn look at it as one whole area but the overall standard of the clans is far higher that that of uk, even though individualy they sometimes arn't as skilled. [Comment: Report IP: Logged]
SiN 04:52 1/12/2002	Shoulda beaten GG and aT. Fundamental errors meant we didnt, but we now know that we can compete with quality clans around europe, esp considering we hardly practiced. Wouldnt be too harsh on iLLu, just cos they didnt perform so well doesnt mean they cheat/cfg, they are a new team and this was there 1st lan together. Intel should be very interesting. [Comment: Report IP: Logged]
MiG 09:44 1/12/2002	1st LAN together, no tactics on cbble (ui were v lucky i didn't unleash the wrath of my FINGERSKILLZ) Aztec vs finesse was ok, but not as good as I woulda liked it. and the erm game was fun, but we were outplayed by tep and his awp = , knifed Bom once and Black3y tked him to finish it off =P [Comment: Report IP: Logged]
