Mini AVI Roundup

Posted by Ripper at 13:59 1/1/2003.

Got a few AVIs that may be of interest to a few of you.

- Righteous in "wtf" - Small AVI showing how Righteous seamlessly switches from target to target with an MP5 and waste's a few members of erm:cs.
- Marcus in "awpshot" - ex Nocturne player Marcus shows his skills here with, as the avi says, a wicked awp shot.
- Anon in "hehe" - This got sent to me earlier, I've been told it is NOT the real I-eS, just a group of friends having a mess about. Wooden doors are not fun to be behind at times.
- Sev in "awpflickbs" - dNC|Sev shows how to make use of high sensitivity with this cool little shot.
- "MadSpunk - The Movie" - A ridiculously poor looking AVI created by MadSpunk himself, but it features some pretty decent moments from matches against clans such as CSA, NS and ONE during the days of 6K.
- Sev in "Unzoomed Mid Air Goodness" - More action from Sev as he annihilates an airborne CT with a scout.
- Sev in "Awping" - Sev's back yet again with some quality public AWP'ing action.
- Negotiator in "Butter Fingers" - Here Negotiator fails to keep hold of the bomb during ONE's opencup fixture with CTF, this was the only round ONE lost in their 23-1 train victory.
- AnNuM in "No Zoom" - AnNuM shows Marcus how to AWP properly with this deadly shot on aztec.
- Ryan in "AWP Through Wall" - Deean shows us all how its done with an extremely dodgy shot on Dark0r.

Enjoy!
