UKTerrorist LAN Championships - League Table

Posted by Myers at 23:57 1/6/2003.

For those of you that survived our Mexican-themed event yesterday, I've updated the UKT LAN table to include points gained at the event.

In the table 4K once regain top spot after their absence at the event in Bath, Xtra's performances in the last 2 events bring them up to 3rd place, FCC's amazing performance in the lower bracket puts them up to 9 points and joint-5th in the table. Despite a poor performance Uninspired remain in the top 8, whilst Pro-Gamer's mere point grabbing at each event is enough to ensure their position in the top 8 for the time being. However with 3 more events to go there's plenty of time for major shifts in the table.

I want to thank the following people for their help with UKT3, it would not have been possible without them:

- Dominic Winter - No idea what would have happened had you not been there.
- Greg Hill - For letting us use his IT-Centre for the day
- Shazz from Finesse - It would have been one hell of a struggle if they guy was not around to do nearly all the servers adminage.

Thanks guys.

plz get some normal sized headphones!

I thought it was like 15 with the winner of the vga league being 16th team, or just top 16 from the 6 individual UKT series LAN events, however someone said 8 earlier on in these comments so i guess it is down to Myers to FILL US ALL IN CRAIG DAVID STYLEEE.
