last chance for m0rph

Posted by deebo at 16:56 3/4/2003.

Following the announcement of m0rph going inactive in omg!, it seems last chance have seized upon this and made m0rph their first ever recruit. m0rph had this to say about his entrance into last chance:

I was coming out of activity and didn't play when omg! needed me most. When I returned full on a few days ago Craig took the decision to recruit Geo and Shaq. This meant that they had a active team of 6, and if sumit came back 7. There wasn't really much point of me staying coz I wouldn't of been able to play much with this new team, plus I want to play at ukt and omg! have their squad sorted for that now.

lc offered me the chance to play in a first team role and attend lans regularly. Also the fact that I played with Stan and Arak previously in UKLA meant that I could settle in quicker because I'm sure their style of play hasn't changed much, they still own.

Good luck to both m0rph and last chance.

"thing with some ppl is that
when some casual player
comes along who can actually
play for a laugh and there still
better than you after all those
hard hours of "training" and
"practice" i'd be as p***ed off if
i was you."

Considering I don't even play
CS anymore that makes s***
loads of sense you absolute
retard. I've done my best to
stay away from playing CS with
you since Thrustworld servers,
and I'm glad I acheived that
objective. Me @ hard hours of
training? You're having a
f***ing laugh.

You're in some sort of a dream
world. Course you don't
support Derby either but you
bought a season ticket.
