

Acolyte Joins ONE

Posted by Ripper at 20:08 4/4/2003.

After a while of trialling him, Keiju's brother, Acolyte, has joined ClanONE. The ex shinobi player's addition to the squad now leaves ONE looking like this:

- Righteous
- Keiju
- Barely-Legal
- Kid
- Acolyte

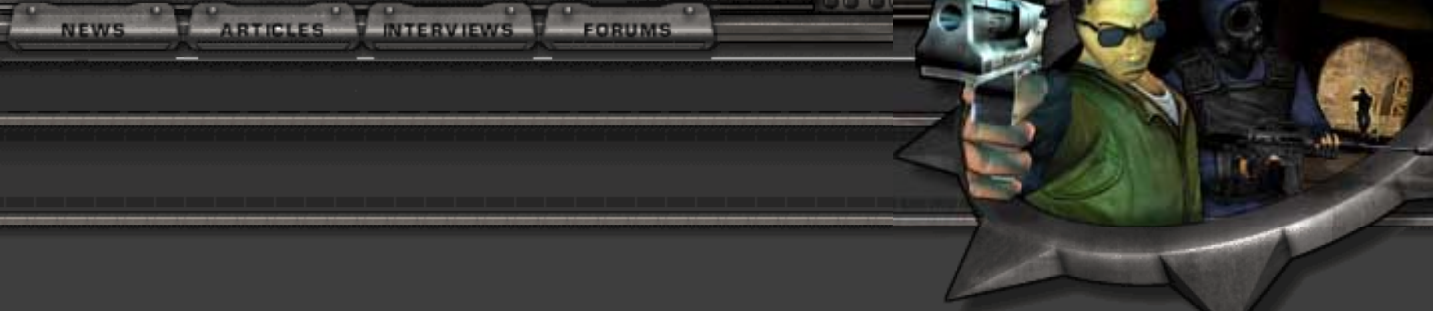

In other ONE news, Iccy has informed me they'll be bootcamping at cyberweb in Slough on the 12th April. For those who didn't notice, Strikes has been taken out of the lineup. Good luck to Acolyte and ONE.

DK Stalk Confront Engage Eliminate 20:17 4/4/2003	it's Keiju's bro, which I thinks a nice touch. Maybe ONE have realised it takes more than skill to keep a clan going, being a close, solid team is very very important.

	The days of grabbing people like Dart and Khaos to try and close the gap on 4k are hopefully over. [Comment: Report IP: Logged]

KhAoS meatyballs 12:40 5/4/2003	Ex, putting unknown players in a team can sometimes be a bad move. I played with acolyte in ONE for a bit, and i can safely say there's no mistake made. Acolyte is an amazing player, you will see this in time.
