ONE 19 - 29 DarkSide

Posted by Ripper at 20:45 6/4/2003.

ONE just this minute lost their match in the Clanbase Eurocup against the top Spanish team DkS. Here's the details:

- **ONE lineup:** Barely Legal - Righteous - AcolyTe - Keiju - Kid
- **DkS lineup:** LuCiFeR - mrmans0n - Ale}{ - CarvinG - Raven
- **de_aztec:** ONE 6 - 18 DkS
- **de_cbble:** ONE 13 - 11 DkS
- **Overall Score:** ONE 19 - 29 DkS

This result really didn't mean much to each team as neither could qualify for the next stage. ONE's last game is against A-Laget.de.

Iccy 21:13 6/4/2003	Guess Ill do my bit to explain, as lame as it seems Id like to make a point somewhere. ONE werent allowed their choice of server, this was because of a rule which states that I as manager could not speak for them when picking a server, the team were in a PCW at the time practicing for the game so I said that I would choose a suitable server and test them on the teams behalf. I was told that a member of the team "Who would be playing" was required to do this and that the server was already decided, both maps would be played on DkS's Spanish Server. The rule in question was this one taken from the clanbase website:- "If one clan has not a single player (someone who will actually play in the match) present before the deadline time, then the other clan may immediately decide on the server. It is free to change its server decision later on when the other clan shows up." Thus stating that DkS had the option of playing a map on their server, and one map on ONE's UK server. Those of you who watched the match will have seen that ONE were basically outpinged to such an extent that had one map been played on ONE's UK server the outcome could have been different. Here are some choice comments from DkS 'after' the match :- [20:27] <DkS-mrmans0n> im sorry bout the server but all clans did that to us [20:27] <DkS-mrmans0n> 4k did [20:27] <DkS-mrmans0n> alosers did [20:27] <DkS-mrmans0n> and alaget did [20:27] <DkS-mrmans0n> : [20:27] <ONE Iccy> and now you did [20:27] <DkS-mrmans0n> yeh [20:29] <[EC]Black`game> yep could be better game when pings were equal [20:29] <ONE Iccy> Ill leave it at that [20:29] <ONE Iccy> couldnt have said it better

myself

[20:30] <DkS-mrmans0n> i know it was not fair
[20:30] <ONE|Kid> lol?
[20:30] <[EC]Black`game> yes Kid
[20:30] <DkS-mrmans0n> anyway rules are rules
[20:30] <DkS-mrmans0n> well
[20:30] <DkS-mrmans0n> gg

[20:34] <ONE|Kid> sportive?
[20:34] <ONE|Kid> are u kiddin
[20:34] <ONE|Kid> obv i was in wrong game
[20:34] <ONE|Kid> :)
[20:34] <DkS-bizarre> I mean
[20:34] <DkS-bizarre> if all of us were sportive
[20:34] <ONE|Kid> cause if u were sportive than i am sadam hussein
[20:34] <DkS-bizarre> no kid
[20:35] <DkS-bizarre> we probably weren't sportive

[20:41] <DkS-bizarre> It's obvious we haven't been as sportive as we should
[20:41] <DkS-bizarre> and I'm sorry about that

They won though, the rules were followed with Nazi like precision, gg.

iccy why didnt u fetch your players from their pcw? After the amount of games in the eurocup ONE had already played, its a well known and strict rule that if you're late for server discussions you suffer a disadvantage.

As lame as it is, every team wants a win, and would take any fair advantage they can get, the rules were on their side.

kirium 22:01 6/4/2003	dont come out with ignorant comments like that w1cked - rules were clear and the only party that could be held in dim light is DkS as they had the chance to play 1 map on each server but instead chose to take the advantage of playing both maps on their server (which from what i can tell, was not against the rules). [Comment: Report IP: Logged]
Iccy 22:05 6/4/2003	I didnt get the guys out of the server because by the time they had cleared up I couldnt speak for the team the deadline for the picking of servers had passed anyway (30 mins before the game) so wouldnt have made a difference if they had been there or not. Rather than pull them out of a PCW for practicing for the game I thought it would be better to let them play on and finish practice and tactics. I understand the rules now, DkS played their advantage as they had every right to, my main gripe being that a member of a team has no voice for the team if they are not playing in the match. Chris0 23:14 6/4/2003	Clanbase need to learn that spain are pointless in the EC, due to connections. But dont DkS playing from a netcafe which gives them good ping to UK servers, well thats what they said b4 xgc started anyway. Shame when nothing is at stake that teams have to be so dumb and only care about putting "[win] vs ONE" on a website or irc topic. ONE were f***ed over, simple as that, but it always happens when CB try and get more and more spectators by adding in clans who are poor from different countries, instead of having the best teams. They only care for amount of spectators watching, not level of competition. ul ONE, hope DkS are going to clikarena, will be interesting for them to playing on an even field. i'm really sorry, but i just trusted in the admin who followed the rules.

If u think that wasn't fair, take a look at 4k vs DkS, we played with 80/90 ping vs 20/30 of 4kings.

So now 4k haven't NOTHING to say bout that, if u really think that we're poor ure being lame.

Now take a look of the result against ONE, ok we beated him with ping advantage, exactly the SAME u get against us.

We're not invited to clikarena, we were invited and declined it due to money probs not of your interests, e4 will go instead of us.

^^

how can u even agree dks were in the right under the circumstances that neither team could qualify, so why not just make it a GG? sure under normal play if it was an important match to decide who went through u could agree they just "followed the rules" but it wasnt, it should have just been a good 'fun' game without any pressures of having to qualify or anything, but instead they still wanted the win themselves so badly as pointless as it was that they lamed, thats very sportsmanlike isnt it. and great they owned up to being lamers, that makes it all good and well doesnt it

lame is the only word to describe it, it wasnt "server bulls***ted" again because it wasnt an important match, but its even less sportsmanlike to f*** ONE over like that in what should have been a fun game than a serious one because they have no REASON to do it.
