Sev^ 15:31 7/4/2003	Will you be inforcing an ak/colt only rule? Sometimes sig/aug is just too cheap and easy, especially on a map like c**k. [Comment: Report IP: Logged]
kirium 15:32 7/4/2003	can buy guns on this map sev, theres ak/colts to pick up on the floor and awms also (but they're not allowed) [Comment: Report IP: Logged]
Sev^ 15:38 7/4/2003	Also.. will this be kind of a casual CB ladder type affair?, where each pair organises the match between them, and has it played, then posts up their results. Or will the games be officially adminned?, with possibly hltv/scorebots so that I can chear on nordic to victory as he waps you all out. I wouldnt mind a bit of entertainment. Go Fred, w1cked, b0p and BArra too. [Comment: Report IP: Logged]

Sev^ 15:47 7/4/2003	Good good, my only criticism with aim_map is that its a bit close range. A bit too much hiding and popping out, so, favors those high strung madmen with fast reflexes and high sensitivity, as opposed to those with steady hand and headshot aim. Luckily, I find myself in the former bunch. [Comment: Report IP: Logged]
Anisty 15:48 7/4/2003	Ya know, deeply hurt and offended that you all think magic is going to beat me.... so i am intending on cheating a lot.... you drove me to it you nasty people. [Comment: Report IP: Logged]
mav masters Of ownage 15:50 7/4/2003	go dem go! [Comment: Report IP: Logged]
Sev^ 15:50 7/4/2003	Also, you have that spawning issue. Anybody with high sensi and fast aim can flip around and get the enemy sometimes before they get a gun, if they spawn in view. But I like that too :) [Comment: Report IP: Logged]
ND 15:55 7/4/2003	aim_ak-colt is nicer :P [Comment: Report IP: Logged]
Sev^ 15:56 7/4/2003	If anybody needs some 1 on 1 coaching, I'll be available, from Wednesday to spare some time for an hour of aim_map a day. I'm not as sharp as I used to be, but I still know the tricks of the trade, and besides, I dont have time for pcw's these days, and public CS just frustrates me. PM me to set up an appointment :E [Comment: Report IP: Logged]
Ripper Rush! 15:56 7/4/2003	aim_akcolt is s*** [Comment: Report IP: Logged]
ND 15:57 7/4/2003	amazing. [Comment: Report IP: Logged]
Sev^ 15:58 7/4/2003	aim_akcolt is so bloody s***e and 1 dimensional. You either... 1. Sit and wait at the edge of the wall, for the enemy to put out and then headshot him.

Or 2. decide to not be a camping gimp, and run out in to the open as to provide a sporting chance, but only to be easily picked off by the other gimp who realises that the only real strategy on the map is to sit and wait.

DK Stalk Confront Engage Eliminate 19:07 7/4/2003	oh there is a 4th tpye of person in this 1v1 the people who dont come into it with their real most common nick. These people I really f***ing dispise because to me it's like blatant cowardess. Come play with an alias, if u do s*** noone will know, if u do well however I'm sure they'll be letting everyone know who they are as fast as possible. Type of people who'd rather smahs a bottle over your head in a pub fight than stand toe to toe and have it large. Lame w**kers go f***ing die a slow death s***bags.. [Comment: Report IP: Logged]

DK Stalk Confront Engage Eliminate 19:11 7/4/2003	whats your alias then annum? if you dont like it you can lick my arse m8. faking an alias in itself proves that these people dont want to be known who they r until they do well. how the f*** can these people be taken seriously or deserve any respect. I'd put money ur in there! [Comment: Report IP: Logged]

if everyone went into it for a laff and used their real nicks and we had a successful comp. Then 'our' community would benefit from the get together that this should cause.

alex once again i shall say, i've beaten dnc many times, and your as awful now as your were back then.

Sev Vertakill and Timo were always the main part of dnc, they carried the rest of the team. Your just awful, get off my ENGLISH website.

yo yo good to be back. been playing pool for my pub team last few days so missed out on registering.

this could be interesting but i cant see any obvious results as any half decent player (at least three quarters of them there) could pick up a win on aim_map. very good map and very fun.

another good idea for u is mixed team 5 vs 5 totally random picked on fy_iceworld and the first team to 100 kills wins :)
(please dont argue or anything im bored of being and giving out insults now, kinda figured its not fun any more)
