Plz prove him to be a cheat Barra, 'cos it really affects me little either way. Just don't chat your s*** behind my backs. I have to say it seems the Irish community are closing ranks again, as they seem to be the common witch hunters here. Oh and some random bitter tits. So if you have a constructive comment about any of his demos I'm online to listen. Just don't chat s*** behind my back and act all fookin nicey nicey online, 'cos I get PM's cut and pasted to me from some people you think you get along with. Reinforcing my opinion that 90+% of the online community are slimy little f***ers who I'll have no problems with giving a good crack to if I meet their two faced faces. been giving a few logs with two faced remarks. CSGN said they couldnt prove fa, yet removed him to save further s***. I accepted that as it is there league. No complications in CB at all. Hertz accused so I took his deo and gave it to 3 CB admins to get feedback. Last thing I want is to have a cheat in the clan. So get your facts correct. Also other admins (I have logs) from other leagues (more experienced) have seen his demos and give him the all clear. No disrespect to csgn admins but please inform who of them has actually played CS to a high standard, like yourself Barra, you pro. The bs AVI's have served their purpose in starting the witch hunt. No you server some purpose you worthless piece of s*** and cement the fact he cheats. Give me something solid so I can kick him out!!

Other wise shut you fat pityful excuse for a human face up. Your comments prove dick! I want/need evidence.

read the topic again funky, it says watch the f'ing demo. the avis are not only doctored (they've removed .bmps to strengthen their case) but they dont prove s***(no sound,etc). lots of people have said that they watch the avis and think he does wierd stuff,but then they watch the actual demo and give him the all clear.

watch the avis and watch the demo to the avis funky. Quite clearly theyve been made to make him look as dodgy as f***. If hes a hacker, hes f***ing useless as he got bummed by Akujii in cb war and we needed just 3 rounds from 12 to win. If I hacked I'd do just enough to get the result w/o being obvious. He played well on prod, s*** on cbble, it happens. As said, he has to demo every game he plays, and Ive requested his LAN demos from wcg quali end of this/next month.

I'll continue to watch him and

argue with the useless
unconstructive flammers <-----
that bit I do for fun anyway.

i played hawski once. HE tore
us apart with AWP. Seemed
legit to me, imho i think some
people are jealous of a good
players skills :< Innocent until
proven guilty... Quality awper
and if uk scene dont manage to
give him that badder rep like
they did me i would definatly
see him as contender for team
uk. Team uk is all about
popularity these days so i
guess if u guyz do give him bad
rep we have no chance to
improve our TEAMUK squad.

okay fred ill give the avi's the
benefit of the doubt , but i've
watched the CSGN m0o demos
, and i've seen him from not
hearing anything suddenly
spray through a wall directly at
steps and his reflexes awping
at doors <10ms even on the
pistol round he basically looks
at the last T through the wall
before rushing him...

im sorry you'll probably flame
me but as far as i can see
you're sticking up for you cause
he's carrying you...

From what I can see SCEE are
a really well respected clan, I
know KaM pretty well in CS
terms and he's a really sound
bloke... I was also in a clan
with Fred and he's a really nice
person as well. So basically, I
have no desire to flame SCEE,
from what I hear and see
they're the nice guys of UK CS.
But DK, I played a mix versus a
team which had Hawski in it
and he was probably the
dodgiest player I have ever
seen - it was on dust2, at one
point for a CT eco we boosted
up above the middle doors
without making ANY noise and
he started owning us through
the wall, ABOVE THE DOOR...
without any of us having
showed either. There were
numerous other instances
where he'd start shooting
before he came around corners
and shot through walls with
bizarre accuracy.

		I can understand all of SCEE leaping to Hawski's defence but to be quite frank I reckon it's pretty obvious that the guy is WHing. [Comment: Report IP: Logged]

	Barra 17:43 7/5/2003	course you have to defend him, your doing what any cl would do and recently the sabre thing with their cl comes to mind, and as i have said in my post which it does not seem you have read i have a demo vs him in a mix ^ explained above ask for it and its yours i cant wait for you to shut ur f***ing mouth when im proven right, u seem to think ive got something against ur clan, not true, but when u get bolloxed like he did versus us and others are saying the same thing its a TAD coincidental [Comment: Report IP: Logged]	
	Fox ClanNEW 17:44 7/5/2003	good players don't ask to be in team uk, they get asked [Comment: Report IP: Logged]	
	kirium 17:45 7/5/2003	par you say "i can understand all of SCEE leaping to his defence" ...its not like we're just defending him cos hes a team-mate. we're defending him cos we aint seen anythign dodgy in about what..30+ pcws? that we've played with him. and we're all experienced players. :/ [Comment: Report IP: Logged]	
	Rhyzz Nocturne 17:47 7/5/2003	Far too much text to read, but ill say DK wins cos hes from liverpool :([Comment: Report IP: Logged]	
	Vertakill 17:48 7/5/2003	I 'think' DK just wants some solid proof and to stop bad mouthing Hawski and SCEE over a forum and to privately deal with it until its 100% proven that hes cheating. But to slag Barra about not being a 'pro' and how he wouldnt know because of that isn't very true, or nice. [Comment: Report IP: Logged]	

kirium 17:49 7/5/2003	is that really true Fox? i wonder if Ripper/Obi considered duck for this years uk team, even tho everyone would rate him as being a very good palyer. [Comment: Report IP: Logged]
Fox ClanNEW 17:50 7/5/2003	i watched the demos, didn't bother with the avi's at first, i though he was very dodgy, avoiding grenades before he can see them etc. [Comment: Report IP: Logged]
I33tletinyman 17:51 7/5/2003	It doesn't surprise me that you wouldn't see anything dodgy in 30+ pcws, you were playing with not against him and never even assuming that he MIGHT be hacking. [Comment: Report IP: Logged]
Smiffeh Game2XS.Monkey Magic 17:54 7/5/2003	i remember some guy called ProziuM a while back he was a cheater aswell [Comment: Report IP: Logged]
funky 17:54 7/5/2003	didn't hawski claim to be on the CSA team which went to london ... and he wasn't so his 'proven' status is kinda unclear... which is why he's lasted so long without being witchhunted... /me grabs his pitchfork [Comment: Report IP: Logged]

Fox ClanNEW 18:00 7/5/2003	is that really true Fox? i wonder if Ripper/Obi considered duck for this years uk team, even tho everyone would rate him as being a very good palyer. Duck is a really good player, but he's not quite team-uk standard yet, hawski would be good enough for teamuk online, but what needs to be determined is whats making him good enough. [Comment: Report IP: Logged]
PearPair 18:04 7/5/2003	Hi There As a experienced wallhacker that i am when i saw this guy i know deep down in my heart this guy clearly cheats. not only that but one time on some server in a mix team i

		was wallhacking like a rabid donkey and i saw this guy called hawski through a wall so i decided YES i will wait for him to hop out and BAM BAM hs. BUT NOOO this guy flicks out his knife and waves at me then sticks back his awp and mills me through the wall. [Comment: Report IP: Logged]

	Tazzle 18:09 7/5/2003	the fact that in one of the avi's i've seen is where he's advancing to hut on prodigy, sees a HE grenade coming thru the wall and backs off. Whatever about anything else that was pretty much definitive for me. [Comment: Report IP: Logged]	
	Fox ClanNEW 18:11 7/5/2003	yeh have to look closely at that bit cos its pretty close, but when he moves he is definetly not just strafing in and out, he is fully backing off. He starts moving just before that grenade comes into view [Comment: Report IP: Logged]

	deathcube suiGeneris 18:13 7/5/2003	we needed just 3 rounds from 12 to win. If I hacked I'd do just enough to get the result w/o being obvious. ok, assuming you've used a wallhack before, maybe not. But im fully aware that there is a way you can play to avoid detection from your teammates, and maybe the other team. The stuff you could get away with is unbelievable up to a point.... if he had wanted those three rounds .. i doubt he would have been able to get them without being	

completely obvious... or maybe if he'd made his team go "OH MY GOSH WELL DONE HAW" one more time it would have raised the slightest suspicion. The fact that he might have played down in the last few rounds offers no indication whatsoever that he doesn't cheat. nor the fact that a wallhack alone on cbllle is about as useful as a box of matches down a toilet....

my 2 cents

I have never had a cheat on my pc ever, yet its fine for some f*** to use a cheat to make a rather funny AVI. How can we be sure the same person wouldn't keep that cheat to use in a pcw/war. endless fluid element 19:54 7/5/2003	Playing against hawski in the m0o game, I didnt have any reason to think he was wallhacking bar one round as T where he awps 2 running through DDs gap then hits a 3rd through the Dds knocking him to 45hp. But then again, its highly possible with decent reactions and abit of server lag. It was after when I watched the demo that I noticed it was hardly legit. CT pistol he lines the guy up perfectly, and its just the same lining up and dodgy stuff for the rest of the game. specially the kill on Sp ke from tunels on d2. Snaps onto him (when he isnt visible) and sprays accurately at him. Have to see it to realise how stupidly dodgy it is. The only thing which could excuse that is a DAMN good call from steps. I dont think anyone should form ANY opinion on the matter until they have seen the demos, as the SCEE topic has been stating for past few days, but I have seen the demos, seen the various .avis, made a few myself for the hell of it and I really have to conclude he is wallhacking. Its all of SCEE's job to defend Hawski until they	

		believe there is hard evidence against him...its just my opinion that he uses a wallhack. But its their clan, if its their opinion he doesnt cheat, thats their call. But a risky one to make I think :/ [Comment: Report IP: Logged]
