ONE 22 - 26 A-laget.de

Posted by Dev at 23:52 10/4/2003.

ClanONE lost their final game in this seasons EuroCup tonight to the German team A-Laget.de. Here's the details:

- **ONE Lineup:** Keiju, Righteous, Nerf, Acolyte, Kid
- **A-Laget.de Lineup:** UnmortaL, hDs, Sascha, TheBigK, apa
- **de_dust2:** ONE 14 - 10 a-laget
- **de_nuke:** ONE 8 - 16 a-laget
- **Overall Score:** ONE 22 - 26 a-laget

The game went down to the very final quarter after ONE had won the previous three 7-5. a-laget truely had a magnificant counter-terrorist performance on de_nuke and were able to win the game after starting the quarter 21-15 down. Even though the game didn't count for anything ONE have to be kicking themselves.

ermo Spec-Ops Detachment Alpha 16:14 11/4/2003	I don't understand why people say ul, better luck next time?? I would like to think that the members of ONE have the self criticism to admit that the loss had nothing to do with bad luck, and more to do with a poor performance??!! At least 2/3 occassions on d2 as ct, Acoloyte was caught with his back to people coming from long A - why would he need to look at the steps when there are 2 of his team there in the 1st place, and what calls were coming from the middle clearly it cant have been all 5 laget rushing steps!! so why did he need to look the wrong way and then get shot in the back. Im not picking on Acolyte on purpose it was just the most memorable of basic errors made that stuck in my mind from d2. He had a much sounder performance on nuke as ct (perhaps d2's position was a new one for him) my point is on paper ONE should have won that game regardless of luck involved man for man, in my opinion they had the quality over laget.

I understand the new team selection will affect matters but that does not excuse school boy errors, as a spectator its bloody infuriating to watch people with quality cs skills play like donkeys, if a clan wants to make it big then they have to start playing like they want it.

Theres only 1 clan in the uk atm that seems to want this and thats 4k and until the other top clans decide thats what they really want, then 4k will dominate uk cs.

And we will forever be reading, in comments, present and future ul wp gg but ul etc etc!!!

Thats a patheticly weak response Darkor - as a spectator I have every right to criticise - its like watching any team in a real sport, that has talent, but doesnt live upto it. Its frustrating to see it go to waste on silly mistakes.

Darkor why do you keep trying to come up with excuses -Im fully aware of what might happen to people under pressure and so on - you can have every excuse under the sun ready to defend a loss - but if you face upto the reality of the situation - in more cases than not mistakes, lose games, and at the top level you cant afford mistakes, it applies to any competitive field - and nobody remembers a loser but ul gg wp.

You can be the best player in the world and have the best aim, but if you arent facing your enemy, you'll be the best dead player in the world.

Im not trying to discredit ONE here, I think they have class players who are exciting to watch, but theres only so many mistakes you can make regardless of nerves and excuses if you want to be the best.
