UKTerrorist UK Clan Rankings

Posted by Ripper at 19:44 11/5/2003.

If you remember back to this column a while ago you'll note that zeNi had thought up an original way of ranking clans. Gotfrag picked up on this and used their own system, and now UKT have zeNi on board and bring you the UKTerrorist UK Clan Rankings. Here's the info:

UKT's clan rankings system lists and ranks the best CS clans in the UK as accurately as we think is possible. This system isn't based on the thoughts of a few random individuals, it is based on how clans have done in actual competitions (both online and LAN), with higher weighting given to competitive LAN tournaments. This system also takes *time* into account - a clan who won tournament X last week gets more points than another clan who won the same tournament last year.

Here's the current top 5:

1. Four-Kings Intel
2. Online Multiplayer Gaming
3. ClanONE
4. Last Chance
5. Barcodes

Click on the option on the left menu bar or click [here](#) to view the rankings, which will constantly be updated as and when new competitions finish. Let us know if you spot any bugs, have any suggestions or if you think we're missing any tournaments.

Dev theb0g 19:48 11/5/2003	they haven't folded no, its a mistake many including myself made. The rankings are spot on imo. wp alpha, zeNi, Arsen and CO... [Comment: Report IP: Logged]
Weebull 19:48 11/5/2003	Presumably there's a cut-off period for tournaments being too long ago for consideration, So that clans aren't living on past glories. How long? [Comment: Report IP: Logged]
deebo Mel Gibson UKTerrorist 19:48 11/5/2003	I think its taken the fairest way of doing it and done it, and its real good work zenI has done. I just cant wait for the folk to poke fun at some of the teams/rankings. Let it begin! [Comment: Report IP: Logged]
alpha Da boss Inspired Gaming 19:49 11/5/2003	Weebull: two years. [Comment: Report IP: Logged]
arsen Head Arse UKTerrorist 19:49 11/5/2003	All the tournies added are under the table on the rankings page. So about 2 years. [Comment: Report IP: Logged]
Taylor 19:49 11/5/2003	hmmm clanONE better than omg! imo we will see the in next LAN [Comment: Report IP: Logged]
Taylor 19:50 11/5/2003	at the* :P [Comment: Report IP: Logged]
vip Online Multiplayer Gaming 19:50 11/5/2003	nice stuff :) [Comment: Report IP: Logged]
Necroboy fightclubclan 19:52 11/5/2003	looks reasonable. Well done [Comment: Report IP: Logged]
chron Last Chance 19:54 11/5/2003	not so much to do with "better" but performance and attending lans/events :P omg! > winn0r! :D [Comment: Report IP: Logged]
Psy^ xtreme9.uk 19:54 11/5/2003	Ye good work from zeNi and others involved. And I don't think ONE are better than omg! anymore ONE: Righteous, Strike, BL, Keiju, AcolyTe, Kid omg!: Bom, Craig, Sarge,

		m0rph, vip, DArtagnan Both are incredibly good lineups but I think that omg! has the edge, if not skill-wise, then experience-wise. [Comment: Report IP: Logged]	
	Weebull 19:55 11/5/2003	I would have made it 1 year - year and a half max, but hey, it's all good. gogo barcodes! :D [Comment: Report IP: Logged]	
	SunShip 19:55 11/5/2003	who would wanna poke fun at that? seems quite acurate exept why base stats from previous years ? [Comment: Report IP: Logged]	
	aZr ForsakeN 19:56 11/5/2003	yeh good job, rankings are mostly correct, good to see something like this :D [Comment: Report IP: Logged]	
	Dudeman 19:56 11/5/2003	everyone besides 4k in the uk is CS 2nd [Comment: Report IP: Logged]	
	shuffler 19:56 11/5/2003	The rankings are so perfect it's pointless, some of the clans don't even exist, so what's the point? [Comment: Report IP: Logged]	
	Taylor 19:56 11/5/2003	we will see @ the next LAN i look at it as omg! have never won ONE :P [Comment: Report IP: Logged]	
	deebo Mel Gibson UKTerrorist 19:57 11/5/2003	seems quite acurate exept why base stats from previous years ? its done from like 2002, what else can we base stats on? [Comment: Report IP: Logged]	
	St_George g30rg3h UKTerrorist 19:58 11/5/2003	shush shuffler :D [Comment: Report IP: Logged]	
	omg! craig Online Multiplayer Gaming 19:59 11/5/2003	dunno if we will see at next lan, cos BL wont be able to play for ONE if rules are stuck to, so may have to be UKT #4 or WCG. Seems like a decent ranking system, but maybe with more and more events a yr cutoff would be better that 2yrs, otherwise rankings may get like gotfrags which at times are way off the mark. [Comment: Report IP: Logged]	
	akuji0r Infinity-eSports	how can u rank clans that have been inactive for 2mths+ or

Taylor 20:03 11/5/2003	wot u mean BL wont b able to play? they hav still got 5 and nazgOl pld for 2 diffewrent clans :D [Comment: Report IP: Logged]
Ripper Rush! 20:03 11/5/2003	what about ShaQ playing for omg! when he'd already played for disturbed? Fair enough they've folded, but so have obsessive now. [Comment: Report IP: Logged]
danneh 20:04 11/5/2003	isnt lan favoured over online? [Comment: Report IP: Logged]
St_George g30rg3h UKTerrorist 20:05 11/5/2003	the system is very good, and like every other ranking system in the world it is never going to be 100% accurate. But it does give a good indication to where teams are in the UK. So let's just take the time to appreciate the hard work and effort that's been put into this, and realise it's never going to be perfect. [Comment: Report IP: Logged]
AirHorN #Game2XS 20:05 11/5/2003	fear the rank 17 ave it ! *cries* at whos above us [Comment: Report IP: Logged]
St_George g30rg3h UKTerrorist 20:05 11/5/2003	thats why you get more points for LAN placements, danneh. [Comment: Report IP: Logged]
zeNi formidable 20:06 11/5/2003	The rankings are designed to give a good general view of the current standings. You could say argue that a clan like say Barcodes/Xtra should be higher up after their recent performance @ Bath but you could also argue that they just had a fluke etc, so the rankings have to be based on a certain amount of previous events to get some stability. [Comment: Report IP: Logged]
akujii0r Infinity-eSports 20:06 11/5/2003	i wud hardly think anyone wud refuse him to play for ONE as he was doing obsessive a

	aZr ForsakeN 20:18 11/5/2003	hehe =). the point that i was trying to make to danneh was that we are on the same points as blacklight and gltc, our points are from LAN and both theres are from online. we are 20th and they are higher, but like stg said the joint place fing hasnt been done :x [Comment: Report IP: Logged]	
	shuffler 20:20 11/5/2003	the post says "here's the current top 5", hardly current as 4k aint gone to ukt lans and xtra (beating OMG!) are ranked behind fcc (losing to maim). [Comment: Report IP: Logged]

shuffler 20:25 11/5/2003	xtra aren't s*** tho, as they're recent ukt lan performance was good, and performances from the players in the clans before in events earlier this year and last year were good. [Comment: Report IP: Logged]
dh 20:26 11/5/2003	Thats pretty s***ty, xtra surely cannot be that low, they can kick the s*** out of most clans there. [Comment: Report IP: Logged]
zeNi formidable 20:27 11/5/2003	shuffler you seem to be missing the point, if the australain football team beat a weakened brazil team then they wouldnt immediately leap-frog ahead of brazil would they? Likewise if xtra beat omg! once doesnt mean they are immediately better than them? And didnt omg! play xtra in the loser bracket final and beat them 13-5? [Comment: Report IP: Logged]
Keiju 🏆 UKT 1v1 winner 2003 20:30 11/5/2003	We so badly need a league like SEL :o [Comment: Report IP: Logged]
shuffler 20:31 11/5/2003	that match was an example and it wasn't an exactly totally weakened OMG! team now was it? I never said they were better than omg! as omg! went on to beat them. what i was trying to point out that xtra have done well in most of their matches and should be ranked higher on a ratio system. [Comment: Report IP: Logged]
dh 20:31 11/5/2003	fair enough zen, but omg r 2nd and deserve to be there, but how can we beat like 16th man, and what use is there of having folded clans on there? [Comment: Report IP: Logged]
zeNi formidable 20:34 11/5/2003	agreed if we get confirmation then said folded clans will be removed, and if xtra.uk put in a strong performance at the next UKT or in a major online league then they will climb high quickly but as of now xtra have only attended UKT and can only be ranked from it [Comment: Report IP: Logged]

DoZ Anti-saviour of UKT 20:46 11/5/2003	I wouldn't take i-series into consideration. Even thought disturbed did come 2nd at one. Seems better to keep the level of the rankings a bit higher than THAT [Comment: Report IP: Logged]

Choke MaT Choke 22:01 11/5/2003	from what I hear pharcyde, typhon and kardy play with Macca and SIE from our clan at a local lan in Birmingham quite often - just because teams dont go to tournaments doesnt mean they're not good teams. Not only that points will be taken from the csgn invite premiership. Dunno if you've

		noticed but there's a spanish clan in the premier and imminent in the 1st division. Not to mention the fact that the clans in the prem are based on opinion. In my opinion d.O reS and iM should be in the prem in place of blacklight, SO19 and Kensai, but as you said - it's all opinions..... [Comment: Report IP: Logged]

	Choke MaT Choke 22:08 11/5/2003	because CS is just a game and some people arent sad enough to devote their entire life to it? Sure it wasnt Cliffe and Gooseman's intention when they first made CS that it would turn into some mad battle for supremacy. They just wanted to make a game that's fun. and cheers Ripper - I havent promoted my clan one bit though. Just mentioned some others that dont get considered. [Comment: Report IP: Logged]

and some people
arent sad enough to
devote their entire
life to it?

But then you are worried that
some clans, who know they are
really good (but have never
played on LAN) wont get
sponsorship? Or will be seeded
badly?
You dont make sense

CS doesnt get you jobs or
money - it's a bit of fun on the
side - there's very few
professional gamers out there
after all.

Not everyone has the time to
devote to lans do they - it
hardly makes them any worse a
player or team though.

Are you retarded?
only 4K go to i-
series?
what_the_f***?

Welcome to the world of the
fullstop Mr. Ripper. Although Mr.
SunShip failed the grammar
test in putting a capital after it,
a full stop generally means you
shouldn't take two sentences as
one whole comment.

Therefore, when Mr. SunShip
says (and I quote):

you cant just throw
in i-series just like
that. same as CPL,
no one apart from 4k
will probaly go there
so whats the point of
throwong that in
there

		he is of course a idiot. But I digress. He actually makes the following two, seperate statements: 1. i-Series LANs shouldn't be included 2. The CPL shouldn't be included EITHER, as 4k are the only UK representative there. This is the power of the might full stop! [Comment: Report IP: Logged]

	NazgOl fightclubclan 22:29 11/5/2003	whats the problem with this influencing seedings? its obviously the most accurate analysis of the uk scene done to date (which doesnt mean its perfect). If a team doesnt lan they shouldnt expect any recognition. besides MaT, whats so sad about lanning, i consider a "bedroom" player a lot gayer than someone willing to hang around with other normal guys and have a laff at the same time as proving their skills. [Comment: Report IP: Logged]	
	zeNi formidable 22:29 11/5/2003	I still fail to see how some players who play for fun at home can think themselves better than people who play the game semi-pro for prizes etc under high pressure. Sure if 4K couldnt afford to go to the next big LAN doesnt mean they arent still the best, but if they didnt attend any tournaments for a year then they would be hard-pressed to still call themselves no.1. [Comment: Report IP: Logged]	
	Montaver theb0g 22:34 11/5/2003	Nice idea, but players, teams etc change to quickly to base rankings on some kind of points system as you have. And, to be fair, Xtra.uk are as dh implied, way better than that table suggests. [Comment: Report IP: Logged]	
	Choke MaT Choke 22:40 11/5/2003	You base the points system on lans and where would CS-marines end up? what you're basically saying is that if you wanna be rated highly and respected you have	

		to be willing to drop work / other commitments in pursuit of playing as many lans competitions as possible, to get up the rankings in what is still a 95% of the community online game. (which is probs why most of the "successful" players are 16 - 20 with no commitments) [Comment: Report IP: Logged]	
	Triz 23:05 11/5/2003	The ranking system is mainly for the clans that go to LANs and the high powered leagues like bwcs1 where you win things. Not sure about i-series as some clans like to muck about where as ukt is biascally your there for a day to play cs and win and i- is more of a laugh as far as i know. bit lan biased but fair enough as they put in effort to go to the lans, now lets all argue about where our clans would be if we ever went to lans wooples. [Comment: Report IP: Logged]	
	Iccy 23:10 11/5/2003	Of course the only way you will get a true and accurate ranking system is if all teams attend all the events that are counted in the ranking system, which will probably never happen, so theres not a lot more you can do than what UKT has done here. [Comment: Report IP: Logged]	
	Iccy 23:18 11/5/2003	what you're basically saying is that if you wanna be rated highly and respected you have to be willing to drop work / other commitments in pursuit of playing as many lans competitions as possible, to get up the rankings in what is still a 95% of the community online game. (which is probs why most of the "successful" players are 16 - 20 with no commitments) I respect what you are saying MaT, not everyone has the time/resources to attend LAN events, and yes you are right about most of the age group and no commitments as well. But you have to respect that	

		people do cheat and config online, its a sad fact. The only way to prove yourself nowadays is to play at a LAN event where people can see if you are configging/cheating or not, its just the way it is, because the playing field is level. Online play by its very nature of different connections and the ability to "tweak" things is not a fair playing field. If WWCL and VAC were 100% foolproof and perfect then things would be much better, but they arent and the only way you can be 100% certain someone isnt doing something to their advantage is to get them to play at a LAN event. yer pretty nice rankings. ill live
with 8th =]

cpl being included is good. if
they do well/bad against
foreign clans is a good way of
seeing how good they are.

iseries is more of a fun event
than people really caring if they
win. summit to put in the topic
though

I agree that i-series should be

i-series is by far the

should be counted :)
