Clanbase Cups Spring 2003

Posted by Ripper at 09:59 14/1/2003.

Signups have opened for the two big Clanbase competitions, the Eurocup and the Opencup. Here's some info:

Today the signups for the Spring 2003 ClanBase Cups have opened. Below is the list of games we are organising cups for this season. Please check out the cup pages for more information during the next few days if you're not sure whether you want to participate or not. Each cup also has a forum where you can ask questions.

Thus far Weakest Links (rating themselves as 8 - a top european clan rating) have applied for the Eurocup so we wish them good luck if they manage to get in! Last Chance aren't as optimistic and have applied for the Opencup, lets hope to see more UK clans apply in the coming weeks.

Login and head over to Clanbase to sign up.

AirHorN 12:20 14/1/2003	id rather TRY play against 'TOP EUROPEAN' clans which, we dont get to do very often and get a roasting by them, than play more UK clans which just whine on about CFG's etc much more fun learning from the likes of 'TOP EUROPEAN' clans wouldnt u say ? BTW it is all fun until comments like that are made so shouldnt we just leave it at that eh coz im dying for a p*ss ! ? [Comment: Report IP: Logged]

omg! craig Online Multiplayer Gaming 13:04 14/1/2003	we have applied to be considered for eurocup, doubt we will get it, but with dNC going inactive ONE should take there place so hopefully there is a spare one for us, but we'll be happy in open cup. I rated us 7 since it did say top euro clan would be an 8 and since we aint won anything or got to semis in any euro competition 7 would be a fairer mark. This would suggest 8-9 would be clans like mouz, GG, aT etc so wL must of thought scale was on 1-20 if they rated themselves an 8, but gl to them anyway. [Comment: Report IP: Logged]
Geordie Last Chance 13:08 14/1/2003	iLL GIVE U ALL some advice put what u want for rank, put what u want in ur achievements, it doesnt really matter the ppl choosing the clans know who u are and u will be chosen if ur good enough not because u think ur good enough! omg! arent good enough for eurocup tho :P not yet 4k and one all the way usually 2 spots can be taken by the uk teams [Comment: Report IP: Logged]
Smittins 13:11 14/1/2003	geordie wanted to put dist as 10 ;P [Comment: Report IP: Logged]
omg! craig Online Multiplayer Gaming 13:13 14/1/2003	yeh id agree with that geordie, we aint that great online, funny thing is that we always play better and seem to win more vs the top clans rather than these eastern european teams, we had to play polish, hungarian and some other eastern euro teams in open cup, and they are much harder to play than the "top" clans. [Comment: Report IP: Logged]
Geordie Last Chance 13:20 14/1/2003	smittons they dont have a highenough number!! i did put for our achievements 'geordie did a 20second fart at work and he claims its the longest he ever did one' and last time i put we had 'TT the sexiest man on earth' so im sure we will still get in this season! and yea craig foreigners suck :/ gl tho if u do get in i know id like to play the top clans and not the

	uk scum like smittons's clan and o:i :) *can of worms* [Comment: Report IP: Logged]

Geordie Last Chance 13:23 14/1/2003	i made a mockery of the system! just to show it doesnt matter what u put in there or what u rate urself btw it should be 7- above average clan in ur country 8-one of the top clans in ur country 9-one of the top clans in europe 10-top clan in the world or something and 5-smittons [Comment: Report IP: Logged]

Ripper = not much going on in life?????

Woopie i may have got rating wrong, thought 10 was pro (sk, eol etc) 9 was semi pro (open cup division 1 koa one ui etc...) and then 8 us normal online people who try they best.

Sorry if i got it wrong m8, but it does seem you have little in your life to keep you happy if you have to have a go at a team cause they make mistakes.

Never mind mr o god like super star ripper.

ROFL at how some clans see themselves. TBH Eurocup should just be invite only to save the hassle. One deserve a spot and ill be shocked if they dont get the callup. Cant see any other UK clan getting in to it.

/me looks forward to a 4th first round exit in the UK/IE qualifiier in a row...

Why have it invite only? It's better to see who wants to enter and choose from that lot, rather than invite clans and have 50% drop out for various reasons

Clanbase Cups Spring 2003

Posted by Ripper at 09:59 14/1/2003.

Signups have opened for the two big Clanbase competitions, the Eurocup and the Opencup. Here's some info:

Today the signups for the Spring 2003 ClanBase Cups have opened. Below is the list of games we are organising cups for this season. Please check out the cup pages for more information during the next few days if you're not sure whether you want to participate or not. Each cup also has a forum where you can ask questions.

Thus far Weakest Links (rating themselves as 8 - a top european clan rating) have applied for the Eurocup so we wish them good luck if they manage to get in! Last Chance aren't as optimistic and have applied for the Opencup, lets hope to see more UK clans apply in the coming weeks.

Login and head over to Clanbase to sign up.

Khaos yeah CTF sux, what a bunch of lamers that didnt wanted 1 to be pingraped in UK. Is clear in spanish server CTF had a little ping advantage but in UK ONE had a BIG ping advantage. So please dont talk about a big mafia conspiracy towards your clan. ass far i know drag0ns lost by forfeit to gurus and DkS. 1) We know they were nTv 2) We were told nTv players	

(who played in div 1) were playing for them
3) I said nothing bad against drag0ns except they wanted to play double map theres which we **AGREED** to because the server was better than ours (I complimented the server if you read above).
4) drag0ns forfeited to DkS as they were friends and knew they mercd (the fact mans0n was team-spain's leader might of had something to do with nTv wanting to get into team-spain). They forfeited to gurus because they didn't care and 'forgot'.

Well cyren i think that is the most fair thing to even pings, but im agree its also sucky for the UK team knowing they are playing with 2x or 3x his ping.

Anyway i think is very lame to insult CTF coz they didnt wanted to play in UK server having ping 120-180 or so, cause they have 2 members from Canary Islands, so 2 guys playing from Africa almost lol
:P, I know that problem belong to CTF and its no good that affect ONE
