KhAoS - The Knife Stalker

Posted by Ripper at 17:42 17/1/2003.

While the quality of this AVI is about as good as MadSpunk can manage, the actual action is quite astonishing. KhAoS hits the mean streets of UK2 and shows us all just how bad they actually are. In some instances it takes at least 20 seconds for players to realise KhAoS is perched on top of their skulls. It's a funny AVI, not meant to be taken seriously, check it out here.
