Carb theb0g 15:37 20/9/2003	Ok. To clear a few things up for you drenz:- 1) You PMed us nearly every other day asking to join and suggesting you'd be a better player than bagz. 2) Stu was joking when he said id0t would be better than 4K. 3) We kept trying to tell you in subtle ways that we didn't want to make a clan with you after Legend folded. 4) I had to tell you (not in so many words) to f*** off because you were annoying us when we reformed Legend and you started PMing us again asking to join. 5) It was our decision not to let you join, not the other way around. Don't make out you had seen us on LAN and decided not to join cos we both know its not the truth. [Comment: Report IP: Logged]

Posted by N3M- at 22:39 19/9/2003.

Here's a few bits of news that have cropped up recently:

- Fox has left I-eS after less than a month in the lineup, reasons for this are unknown.
- Ripper has joined ForsakeN as ShaQ's replacement meaning their lineup for UKT5 will be Atemi, Silva, Meth, Azrael and Ripper.
- After a stint in the first Pacifico, Turkish and kronic have rejoined the clan following Realfire's departure, meaning their lineup is now RH, ssj, Flavas, AcolyTe, Turkish and kronic.
- Drenz has temporarily given up counter-strike, a talent wasted in my eyes.
- Reports suggest that Strikes and Righteous will be playing for ONE at UKT5 along with KhAoS, Kid and Keiju.

Thats enough for now folks!

Obviously **you** care drenz, or you wouldn't try and bulls*** about something like that. Fact is you did kiss our asses before WCG until I had to start pasting logs back to you about how annoying you were getting. Then you went off on one saying we are all pricks etc. Then after WCG you PMed me making some snide comment about our performance and came into our channel saying the same. Real grown up there.

omg! craig Online Multiplayer Gaming 12:26 21/9/2003	to be fair to ShaQ i think he thought his new job etc was going to take up to much time to be able to play a lot. So he wasnt exactly poached. We asked if he wanted to join, he thought about it, and said yes. And you cant really compare it to 4K, how can u when we dont offer free hardware, fully covered lan travel etc. So there are not any major incentives that would benefit anyone and they aint exactly lured away with offers of riches. 4K have always taken players off there close rivals, happened with CSA, ui, I-eS, noc. Plz feel free to list the "plenty of players" we have poached from our close rivals Doz, bet your list wont top more than 2 people. Il buy you a bunch of grapes if you can name more :) [Comment: Report IP: Logged]

DoZ Anti-saviour of UKT 12:40 21/9/2003	You'll deny and have stories for most names I put, or a different interpretation of "poaching" than I have. And even if you concede that omg have always taken players from other clans and still rarely had a stable lineup, I'll never see my grapes anyway ;-) [Comment: Report IP: Logged]

We asked if he wanted to join, he thought about it, and said yes.

Isn't that **exactly** what poaching is? Asking someone to join your clan when they're already involved with someone else, no matter what level of CS they play at. Same deal with headhunting for business etc, you pick out someone who shows potential who is at maybe a rival company or a lesser company that isn't letting that person work to their potential and asking them if they want a job at your company.

Same principle Craig, you have to concede that.

the 3 players who have joined omg, that could be considered as coming from rival clans are shaq, geo and bom. There are no others.

And our team has been very stable recently thanks, note the players that have left us recently and you will see why we are now stable :)

carb yeh i agree, but in this sense i think id define it more as taking players away from your rivals to weaken them and make yourself stronger by

		offering them something incentives. like rangers and celtic do in scottish football. Any decent player at another club they will just buy so they dont score against them. [Comment: Report IP: Logged]	
	Fate` ` 13:10 21/9/2003	tbh u just gotta think 4k/omg poach players wow most watched and talked about sport football what do they do poach hence man utd buy larent blanc just so he couldnt play for anyone else and rio ferdinand etc etc blame it on football ppl r just brought up to poach i mean look at gary linkeker tbh he was a quality poacher :D Drez awwwwwww every1 ganged up on u i was gona defend you by saying that it shouldnt of even been put on ukt really cos no1 gives a toss sigh [Comment: Report IP: Logged]

	DoZ Anti-saviour of UKT 13:36 21/9/2003	Alalu did when he was bested by Anu over a fight for supremacy of Nibiru. He lost the fight and in his rage bit off Anu's dick and balls and was poisoned by them. He was exiled to Mars for his crime and when he died they erected a massive stone tomb and carved his face on it so that it could look at Earth where he landed and Nibiru that he had once ruled. craig, im more p****ed @ shaq
to be honest

coz you dont expect a real life

anymore coz shaq was joinin,
then he leaves a week later

you did poach him craig, but i
have no problem with that as
every clan does it, it was him
lieing and breaking the
countless promises he made to
us that this wouldnt happen
which annyoed me as i only let
him join if he was sure he
wouldnt leave when the first
good offer came up and if he
took it seriusly, made even
worse by the fact that ive been
good friends with him in real
life for the last 7 or so years,
but hey you wont get anywhere
in computer games unless u lie
and let down your friends

Clan Roundup

Posted by N3M- at 22:39 19/9/2003.

Here's a few bits of news that have cropped up recently:

- Fox has left I-eS after less than a month in the lineup, reasons for this are unknown.
- Ripper has joined ForsakeN as ShaQ's replacement meaning their lineup for UKT5 will be Atemi, Silva, Meth, Azrael and Ripper.
- After a stint in the first Pacifico, Turkish and kronic have rejoined the clan following Realfire's departure, meaning their lineup is now RH, ssj, Flavas, AcolyTe, Turkish and kronic.
- Drenz has temporarily given up counter-strike, a talent wasted in my eyes.
- Reports suggest that Strikes and Righteous will be playing for ONE at UKT5 along with KhAoS, Kid and Keiju.

Thats enough for now folks!
