Clanbase Update

Posted by Dev at 16:23 21/3/2003.

Clanbase has really been hotting up lately, with most of its competitions headlining many major Counter-Strike news sites across Europe. As you know, last night was an awesome night for UK CS as 4 of our top teams battled it out in just two of the many competitions Clanbase holds. Here is a round-up of the different competitions and the various positions our teams find themselves in.

We will start with the Euro Cup. Now in its 8th season, this competition still manages to draw the top European Counter-Strike teams. ONE and 4K were chosen from the UK to participate and were drawn in the same group, Group A. Last night the two battled out a draw, keeping both in with a chance of qualifying. Earlier today, French team aAa decided to leave the group due to them having problems with their Internet Café sponsor. This now means that the next opposition for our two representatives is the Spanish number 1 team DkS. First up 4K, who, next week, get the chance to continue their good form. ONE follow the week after and will be looking to better their draw against 4K with a sound victory. The next games for both teams are crucial because in the last week they will face the other two teams (KoA and aL) who are also after qualification.

Division 1 of the Open Cup also has two UK representatives who battled out draws last night against decent opposition. OMG! have one game left in their group and look certain to qualify, next up for them is Romanian team v-eS sometime next week. Last Chance have picked up one victory and two draws in their first attempt at this competition and need to win against group leaders EFFKULT on Sunday night to be certain of progression.

Division 2 of the Open Cup is somewhat behind schedule with the groups not even been decided yet, however we do know which UK teams will be taking part. What is noticeable from the list below is the absence of teams such as iM and Dist. However, we do have some good and well-known clans taking part in the competition. Here is the list: 5-Miracles, Hertz, 69 Kilobytes, Fight Club Clan, CS-Marines, Unbound, VETS, SCEE, resonance, twisted reality,

Obi Clan ONE 16:31 21/3/2003	shame about aAa pulling out was looking forward to that game =/ will probably be 4k and mouz who qualify from our group [Comment: Report IP: Logged]
Headshot^Man` Disturbed 16:32 21/3/2003	the eurocup, and the 2 opencup divisions, are there for the taking for uk clans this season. The uk could have a good season. gl marines [Comment: Report IP: Logged]

Ripper Rush! 17:04 21/3/2003	oc div1 will be hard with clans like limitless, radium, mindmazing and effkult, can't see any of us winning that [Comment: Report IP: Logged]
Kwak 17:04 21/3/2003	obi, ill give you a kiss if you pull out the ec now for our sake q:D [Comment: Report IP: Logged]
Headshot^Man` Disturbed 17:49 21/3/2003	i think omg have a decent chance, and if lc can get through who knows, and maybe even dnc if they start to take it seriously and practise once/if they qualify from the group [Comment: Report IP: Logged]
emfive 18:13 21/3/2003	If we do qualify we have rdm/mindmazing in the knockout stage. Coupling that with the fact we have a active team of three atm, me + song + arak/stan (depending on who plays.. seems to be stan). madspunk is playing a bit but still has uni, then theres connection probs. Looks grim On the other hand omg! should be able to get quite far, playing re-flex / Restyled (I think) in

	their first knockout game should be an easy win. Hopefully they'll get far, again the team I rate the most is rdm but thats cause they scare me =] Both limitless/mindmazing are beatable by omg, and although effkult seem impressive if you check their results recently I dont know much about them [Comment: Report IP: Logged]
Headshot^Man` Disturbed 18:34 21/3/2003	yes we got a taste of rdm last season, with a completely new team, and safe to say i was proud with our 8 rounds :] [Comment: Report IP: Logged]
Ripper Rush! 18:37 21/3/2003	your confident kit :) limitless should annihilate everybody :o [Comment: Report IP: Logged]
