Nick^ 21:16 26/3/2003	lol the situation isn't the same as the Demo "everyone send emails to neffgen to get him to pick me", picking Shaq was based on his performances both online but more convincingly offline at LAN events where he's consistently impressed all who've pld him. Don't think any of you should be giving him stick if ppl from clans like omg! were putting him in their own team predictions. As usual it's just a nice bout of ignorance from the community. [Comment: Report IP: Logged]
Kronikal Anti-Climax 21:16 26/3/2003	If you aren't going to have any 4k members, then why the f*** didn't you pick the guy who wiped out the whole of 4k in a pcw !? Blinky himself! [Comment: Report IP: Logged]

	Geordie Last Chance 21:19 26/3/2003	ShaQ is an amazing player, all the losers i see on irc calling him the new demo, saying team uk are doomed dont have a f***ing clue, goto a lan, play some top clans, maybe then u will get to play against shaq at some point in ur s***ty cs career and if u do ever play against him u will get ur ass handed to u on a plate in spectacular fasion. dont flame, he will do the business, stop being jealous little s***ridden f***ing putrid excuses for community members, u sacks of s***. [Comment: Report IP: Logged]	
	Kronikal Anti-Climax 21:19 26/3/2003	Well they were only allowed to pick 2 players from omg!, and they picked Bom and DArtagnan, who have been playing well recently. As has vip, but they had to come to some decision about it [Comment: Report IP: Logged]

	Myers Saviour of UKT UKTerrorist 21:21 26/3/2003	but then if u have VIP u can't have either bom or greg...it's tricky. A lot of people will probably flame them for picking b0b which is a really big issue. When i was asking a lot of

should be a good team looking at it. I woulda had Vip in aswell, but s'pose only 2 per clan so makes it down to individual choice.

P!az 21:52 26/3/2003	GL Team UK Judging by the comments, most of the UK gamers are living up to the reputation they have so kindly belayed on our country. Here is the simple reason to why team-uk will find it difficult. 1. All the wanna be hero kids don't support and flame causing more pressure for players trying they best. 99% of you are not as good as this team so what gives you the right to have a go? How's about support Team-UK like the swedish players and german players. Just an idea. (flames galore head my way GG) [Comment: Report IP: Logged]
DoZ Anti-saviour of UKT 21:53 26/3/2003	What, ping flood our opponents? [Comment: Report IP: Logged]
Nick^ 21:53 26/3/2003	Don't think that if you're "amazing" on LAN you'd be average online personally... Could you actually give me a proper example? And nothing kind of one-offish such as "So and so was great on a P4 with GeForce but only had a 300MHz at home" sort of thing? [Comment: Report IP: Logged]
MeGaMaN- Rush! 21:54 26/3/2003	Although the lineup clearly isnt the strongest 8 uk players its still very experienced and able. I personally think the lineup could be stronger but unlike some of you losers I aint going to start slating the captains descisions. Get behind the UK boys !!!!

	mOrph Infinity-eSports 22:05 26/3/2003	lol why is anyone questioning this team selection? If the team manage to learn from the mistakes we made last term (ie. not playing) they will do well. Shaq is a good player, I dont think hes a top 10 UK player but I do think he will be soon enough. Hes got a sporting atitude, hes ugly and he plays cs to a high standard which are the 3 criteria for a pro gamer. Righteous should of been in the uk team last year i thought so its nice to see him in this time round. Big up to stan for getting his place, I think he deserved it, hes been a really quality player for a number of years now and its nice to see some old school ukla negros getting through the ranks and

	Otis Rush! 22:19 26/3/2003	I agree with m0rph. All the ppl saying "not the best 8 UK players", anyone with a half a f***ing brain cell (ie the ppl posting on here, not the lamers in irc) would realise that that team almost picked itself. The other things like vip for Bom and Song for Stanly are just personal preferences and actually wouldnt have affected the team much at all. As for the whole Shaq thing, this guy aint another Demo ffs. Just cos you haven't heard of him cos dist are realtively unknown doesnt mean hes not good. As i say anyone with a half a clue would realise this is a good team and anything that anyone else would have picked would make little change or more likely made the team worse. n1 Ripper and Obi. With that said the team still looks strong. GJ obi & Ripper. GL Team-UK. P.S. If b0b is considered overrated by 50% of the cs community it's only because they rate him too highly for any human being to live up to. Imo, b0b was the first name that became universally recognised as being the best UK had to offer. And imo that still rings true. You'll be hard pushed to find a better all-round player. Imo, his understanding of the game is second to none in the UK. If he had left marines and joined a higher profile clan people wouldn't question his ability. The fact that he's still with marines speaks volumes about the guy. [Comment: Report IP: Logged]

Arak declined the opportunity to play, so Stannly was called upon, both are as skilled as each other and I'm sure tim will perform superbly. Greg was the player who hadn't been told, we'd noticed that he'd kinda given up hope of being picked so we thought we'd make him sweat and announce it at the last minute. err, think thats all :s [Comment: Report IP: Logged]

Carb theb0g 23:42 26/3/2003	Problem is also (referring back to a post by Plaz about Germans and supporting their team), there are so many top German players that are spread throughout a few clans, like the UK CS scene in many ways. But the German people don't have an eliteist bulls*** attitude towards any CSer that isn't entirely recognised as being one of the top players in their country. I'm sure if we went to other countries where decisions that don't fit the 'norm' team have been made we'd see far less b***hing and people more accepting and wanting their nation to do well, whoever represents it. dont want to start a flame war but
here we go, my views...

Sumit shouldv'e been in the team
indefinitely but i suppose the 2 man
from a team rule could be used as an
excuse for that.

b0b is amazing when he plays well
but to me he seems quite
inconsistent, even though he's
probably the smartest player whose
ever played CS, he's a b***** to
beat 2v1 or 1v1, everyone has a bad
day, so anyone who says hes s***
hasn't a clue, but then again i dont
know if i would choose him over a
certain few people, such as m0rph,
dan, doug, or even Demo....oh wait.

Shaq and Stan are a good addition to
the team, even though there are
better players, there the kind of
unknowns who aren't really unknown
and i think will get the job done, as
far as talent is concerned.

I still think the team is doomed
without lil and liquid, there by far the
best 2 in the UK, and have
experience that cant be learnt from
any s*** UK lan.

Also people have mentioned Dark0r
and StoppA a few times...Stoppa i
think might get the job done, hes got
the experience and definately skill
but to me he seems 'out of touch'
with the UK scene of cs, and hes
spent the past year or so playing in a
foreign team. Maybe that could be a
factor in why he is never considered,
but who knows.

Dark0r i dont think is good enough
the UK team. He seems to own on
publics, but we've all seen his avi,
and he's blatent config!

LOL ok im joking you dicks, but i
dont think he's got what it takes to
work along side the UK's best...too
much of a DM'er.

OK folks, enough with the gay jokes,
and start flaming.

	sumit for UK team!!!! [Comment: Report IP: Logged]

Is it just me or does Arak shun the limelight? Clearly should be better well known. Only people that seem to know how good he is are other top players or us fanboys.

Arak's like bob, doesn't get involved with the flaming and everything, keeps himself to himself and just tries to play his best. That's the reason he didn't want to be part of Team UK, he didn't want to be in the "lime light". It's a shame because he's one of the best players in the UK, but luckily Stannly is just as good and consistant, but not talked about as much, so it doesn't worry me one bit.

Choke MaT Choke 10:04 27/3/2003	ShaQ isnt Demo - at least disturbed have done more for the UK community and played at LANs than twisted Reality have. So why not give him a shot. Sure there's plenty of people who think they could do a better job nps. But then Self Praise is No Praise at all..... gl to the team - looks good - without 4K wanting to play I think the experience will make UK stronger and help the other's catch up with 4K as a result. Still that's their choice. [Comment: Report IP: Logged]

If anyone remembers a few seasons ago vs Sweden I think it was on aztec, b0b was the only player who looked their equal. Also did the same on every other map. Car park is right opposite the YMCA and was normal kind of rates iirc. From there you'd have prolly a 10 minute walk to get to centre.

Steve: sure, but I may be going night before.

first of all only 2 hertz
members where at i15...

lil aka stu raped us ? are u
drunk or dreamin ?

most of the people there saw
me play and ermm saw me own
for every match i pld for Shot,
not that it matters as its i15 a
fun lan.

11:25, 27/3/2003
stu, bagz and
someone else played
a 3 v 3 against 3 hz
players at i15. Stu
and bagz had been
drinking all night and
still raped them. If
you dont believe me
just ask stu im sure
he will tell you. That
doesnt really do
much for the hz lan
reputation does it ;P

again bulls*** lies ?

never pld a 3v3 once.. and
when we did play lil's clan 5vs5
we raped them.....

get your facts right before
spreading s***.

thank you
